APPENDIX A

College and Career Readiness Supplemental Appropriations

[Act 2025-268](#) appropriated \$10,000,000 to be allocated in grants to continue expansion of support for activities that increase students' awareness of postsecondary opportunities, resulting in closing the gap between Graduation Rates and College and Career Readiness. To facilitate the approval process for the College and Career Readiness (CCR) funds, an application is required.

Non-Competitive Grant Application

Non-competitive applications for secondary schools with a graduation rate will be prioritized based on the following criteria:

- CCR Rate equal to or less than 82% on the Alabama Education Report Card, and/or
- A point difference between Graduation and CCR Rates that is equal to or greater than 15.

These eligible schools may apply for up to:

- \$75,000 for schools with CCR Rate equal to or less than 82% on the Alabama Education Report Card, AND a point difference between Graduation and CCR Rates that is equal to or greater than 15.
- \$50,000 for schools with CCR Rate equal to or less than 82% on the Alabama Education Report Card.

Competitive Grant Application

All secondary schools with a graduation rate that do not fall into at least one of the prioritized areas above may apply for up to \$25,000 to support efforts to increase CCR attainment rates.

Recommendations from the Offices of Career and Technical Education and Student Learning have been provided below; however, focus should be given for activities focused on **increasing CCR attainment rate and/or closing the gap between CCR and Graduation Rates**. The following expenditures are not allowable: salaries, benefits, computer hardware, clothing, food, and incentives/gifts. If funded, an impact and expenditure report will be required.

For additional information or questions, contact Mrs. Cristin M. Dillard, Education Administrator, cdillard@alsde.edu or Mrs. Shenitra S. Dees, Education Specialist II, shenitra.dees@alsde.edu or by telephone at 334-694-4768.

APPENDIX C SUMMER- AND AFTER-SCHOOL PROGRAMS

The supplemental allocation for summer and afterschool programs will be funded on a pro rata basis of each system's FY 2025 ADM. The purpose of these funds is to fund the continuation and implementation of summer- and after-school programs of the school system. The amount allocated to each LEA is attached to this Appendix.

Funds will be automatically disbursed prior to the start of the school year. Fund source 1776 should be used to account for the revenue and expenditures associated with these funds. All funds should be expended by **September 30, 2026**.

These funds are allowed to be used to pay the expenses associated with the summer- and after-school programs of the school system for Grades PK-12. In determining the programs to be supported by these funds, we suggest school systems review the successful programs previously funded with ESSER funds, as well as areas of the Literacy and Numeracy Acts that need additional support. Appropriate FY 2025 expenditures previously paid from other sources can be reclassified to this fund source.

If you have questions or need additional information, please review the [ALSDE Office of Extended Learning](https://oxl.alsde.edu) (<https://oxl.alsde.edu>) website or contact Mr. Jeff Norris (jeff.norris@alsde.edu).
