

ALSDE'S WAIVER REQUEST – ALTERNATE SERVING SITE FOR FFVP

The Alabama State Department of Education is requesting a waiver for School Food Authorities (SFA) participating in the Fresh Fruit and Vegetable Program to transfer produce from awarded schools to alternate locations, including high schools, within the district that are operating SSO, SFSP, or other meal programs for school-age children in the month of June. Enrollment will continue to be based on the eligible schools' numbers and will not exceed \$75 per child for the year.
