State Superintendent of Education

August 5, 2020

**MEMORANDUM**

**TO:** City and County Superintendents of Education

**FROM:** Eric G. Mackey   
State Superintendent of Education

**SUBJECT:** 2020-2021 Self-Assessment Requirements

I hope that all of you are experiencing a successful start to another school year. Since 1998, the Alabama State Department of Education (ALSDE) has utilized some method of local system monitoring, and a major part of that monitoring effort is required by state and federal statutes. While we assume that all systems maintain compliance with both the legal and programmatic requirements that govern Alabama's public schools, we realize that your system's adherence to these regulations often is dependent upon your staff being informed annually of the process.

Our goal continues to be one that will protect your school system as well as the state from any financial charge back that could possibly be imposed as a result of non-compliance with legal requirements that may be identified through the annual audit process performed by the Alabama Department of Examiners of Public Accounts or by your system's private audit firm. More importantly, our monitoring efforts have also been designed to protect your system's financial interest as specified in the cooperative agreement that each of you have with the United States Department of Education. With your assistance, this will continue to be the department's focus.

This program is a multi-faceted process that provides Self-Assessment Manuals to your system identifying all annual legal requirements. **Two forms are required to be completed and are due at the ALSDE by September 30, 2020.** We ask that you follow the instructions below to complete the required yearly Self-Assessment for your school system:
