MEMORANDUM

TO: City and County Superintendents of Education

FROM: Eric G. Mackey 
State Superintendent of Education

RE: Gifted Funding Allocations

State funding to improve existing gifted services has been approved for the 2020-2021 school year. The funds have been allocated to ensure that gifted services that are currently underfunded have the monetary resources available to help remediate deficiencies that currently exist. In order to facilitate an understanding of the most effective way to allocate these funds, it is incumbent upon the Alabama State Department of Education (ALSDE) to ensure that local education agencies (LEAs) clearly understand how to achieve the highest Gifted Education Return on Investment (GE-ROI). The choices to maximize your GE-ROI are listed below:

1. Gifted Specialist Teacher Units (if the caseload for gifted specialists is above what is recommended by the *Alabama Administrative Code*, increasing teacher units would be the first priority)
2. Teacher grants to pursue gifted certification
3. Technology for gifted specialist to complete STISSETS requirements
4. Technology for gifted classrooms
5. Other materials and supplies for gifted classrooms
6. Materials/supplies for consultative services in the general education classroom
7. Professional development appropriate for gifted specialists

The gifted funding must be used to add to or improve the gifted program and not to supplant already existing services or materials. The budget of each LEA will be pulled for audit purposes at least twice a year by the ALSDE personnel to ensure that each LEA is making the most effective use of its allocation to improve the current level of gifted services. Attached is the gifted allocations for Fiscal Year 2021.

If you have any questions concerning appropriate materials or other issues, please contact Mrs. Emily P. Hurst or Mrs. Ashley Strickland at 334-694-4782.
