Document Guidance

- The green and gold colors are for separation of the certification areas and to provide for ease of viewing.
- Throughout the table, the word “current” refers to the tests and scores that will be effective September 1, 2018, and thereafter. When changes are made to tests, the information will be revised to move the current test to the previous column.
- Throughout the table, the word “previous” refers to the tests and scores that were in effect prior to September 1, 2018. New information will be added when applicable. As new tests are adopted or scores are changed, the information in the “current” column will move to the “previous” column.
- Assessment utilization instructions can be found in the next section. Please read all of the instructions carefully.
- The document is divided into four sections:

Section I

Assessment Table Utilization

This section pertains to the Alabama Educator Preparation Program Approach.

1. The Praxis Assessment required at the time of the individual's unconditional admission to the program will be accepted if the complete application packet and recommendation for professional certification are received in the Educator Certification Section of the ALSDE within **four years** (48 months) from the date of unconditional admission. If the complete application packet and recommendation for professional certification **are not** received in the Educator Certification Section within **four years** (48 months) from the date of unconditional admission, the individual will have to meet the test requirements in effect at the time the application is received in the Educator Certification Section of the ALSDE.
2. The Praxis Assessment must be appropriate to the teaching field or instructional support area of the program for which the individual will be recommended.
3. The Praxis Assessment must be taken and passed on or before the final test administration date as indicated on the table.
4. The following tests **were not** accepted for issuance of professional certification for any applicant who completed an Alabama Educator Preparation Program and whose application based on that approach was received in the ALSDE after August 31, 2017; however, if an individual was unconditionally admitted to a program on or prior to August 31, 2017, and one of these tests was taken and passed on or prior to August 31, 2017, he/she will be allowed **four years** (48 months) from the date of unconditional admission to have their recommendation for professional certification received in the Educator Certification Section of the ALSDE.

ALSDE Educator Assessment Policies

(This document supersedes all previous test discontinuation policies.)
Effective September 1, 2018.

6. Anyone unconditionally admitted to a program on September 1, 2018, and thereafter must have the required content knowledge assessment in the “current” test columns. Individuals using Praxis assessments in the “previous” test columns must have been unconditionally admitted on or before August 31, 2018.

Example: Arsenio Hall is unconditionally admitted to a program in Early Childhood Education on December 15, 2018. He took test 5022 June 14, 2014, and made a 168. He did not apply for unconditional admission until October 2018. Because his date of unconditional admission is after August 31, 2018, Mr. Hall will be required to take test 5025 and make a minimum passing score of 156 prior to his recommendation for professional certification being submitted to the Educator Certification section at the ALSDE.

7. In cases where the test(s) required at the time of unconditional admission are not taken or not passed, a passing score on a more recent test(s) will be required. For areas where certificate issuance requires tests that include multiple subtests, each subtest will be treated as a separate test.

Example: Johnny Carson is unconditionally admitted to an Elementary Education program on February 1, 2015, when Praxis Series 5031 (5032, 5033, 5034, 5035) is the required content knowledge test.

- He passes Praxis subtests 5032, 5034, and 5035, **but not** 5033 prior to the final test administration date, August 31, 2015.
- He then passes Praxis test 5003 on April 1, 2016.
- Test 5003 is acceptable because 5003 was the next required test.
- As long as Johnny’s recommendation for his professional certification is received in the Educator Certification Section of the ALSDE on or before February 1, 2019, (four years from the date of unconditional admission), Johnny’s test scores on 5032, 5034, 5035, and 5003 will be accepted as partial fulfillment of requirements for issuance of his professional certification.

8. **Once an application for certification has been received at the ALSDE, there will be no changes to the individual’s unconditional admission date.**

*ETS only offers computerized versions of Praxis assessments (test codes beginning with 5). Scores from paper and pencil based tests (test codes beginning with 0) that are the same versions as the computerized versions will be accepted if the score achieved is the same or higher than the score in the “Current Required Score” column.

Section IV

Pedagogical Assessments

For applications received in the Educator Certification Section of the ALSDE on September 1, 2018, and thereafter, the Educative Teacher Performance Assessment (edTPA) will be the required pedagogical assessment for initial certification in those teaching fields for which an edTPA handbook has been developed based on the following approaches:

- Alabama State-Approved Educator Preparation Program
- Career and Technical Certificate to a Professional Educator Certificate
- Early Childhood Development
- Provisional Certificate in a Career and Technical Teaching Field
- Provisional Certificate in a Teaching Field

The Principles of Learning and Teaching (PLT) will continue to be the required pedagogical assessment for individuals applying based on the Foreign Credentials approach.

For areas where an edTPA handbook has not been developed, the Principles of Learning and Teaching (PLT) will continue to be the required pedagogical assessment.

Neither edTPA nor PLT will be required if the individual holds a valid Alabama professional educator certificate in a teaching field.

*ETS only offers computerized versions of Praxis assessments (test codes beginning with 5). Scores from paper and pencil based tests (test codes beginning with 0) that are the same versions as the computerized versions will be accepted if the score achieved is the same or higher than the score in the “Current Required Score” column.
