## SUPPLEMENTARY

### ALABAMA STATE TEXTBOOK COMMITTEE

2011-12

### MATHEMATICS, GRADES K-12

The 2011-12 Alabama State Textbook Committee was charged with recommending acceptance or rejection of the textbooks/programs submitted to the State Board of Education for review. During our review, the committee judged all the textbooks and materials submitted for mathematics, Grades K-12, to be acceptable for use in the targeted grade levels. Textbooks and materials were classified as comprehensive, intervention, and supplementary. A definition of supplementary is given below.

**Supplementary** - A textbook/program that is *not* sufficient to be used as the primary resource for a particular grade or course.
