Definition of Homeless

Who is eligible for McKinney-Vento services?

Children and youth who lack a fixed, regular, and adequate nighttime residence. 11434a(2)

✓ Sharing the housing of others due to loss of housing, economic hardship, or similar reason.
✓ Living in motels, hotels, trailer parks, or camping grounds due to lack of alternative adequate accommodations.
Definition of Homeless

Who is eligible for McKinney-Vento services? (continued)

✓ Living in emergency or transitional shelters.
✓ Living in a public or private place not designed for or regularly used as accommodations.
✓ Living in cars, parks, abandoned buildings, substandard housing, bus or train stations, or similar settings.

▪ What is substandard? Check utilities; infestations; mold; dangers
= Equal Access =

• A primary focus of the McKinney-Vento Act is school access for children and youth experiencing homelessness.

• McKinney-Vento students must be provided equal access to the same free, appropriate public education, including a public preschool education, as is provided to other children and youth [42 U.S.C. § 11431(1)].
In order to provide equal access, LEAs must remove all barriers that could result in McKinney-Vento students missing critical learning opportunities.

**Examples:**
- ✓ Homeless Students automatically qualify for Title I, Part A
- ✓ Homeless Preschoolers may be given priority enrollment
- ✓ Unaccompanied youth have the right to enroll without a legal guardian
District Title I, Part A Plans

• All districts receiving Title I, Part A funds must include in their local plans a description of how the district’s Title I, Part A program is coordinated with its McKinney-Vento program [20 U.S.C. § 6312(a)(1)(B)].

• The development of the local plan should include timely and meaningful consultation with the local liaison [20 U.S.C. § 6312(a)(1)(A)].
District Title I, Part A Plans (continued)

- Must describe the Title I, Part A services that will be provided to students experiencing homelessness. (20 U.S.C. § 6312(b)(6))

- Districts are required to provide a Title I, Part A set-aside reservation in the Consolidated Application which coincides with the plan.

- It is critical that both programs (Title I, Part A and Title IX, Part A) work together to leverage resources to the greatest extent possible.
Title I, Part A Requirements

• Homeless students are automatically eligible for Title I, Part A support, regardless of their school of attendance.

• Homeless students must be served by Title I, Part A:
  - through their school’s Title I, Part A program and/or
  - through the mandatory reservation of funds set-aside

• Schools with School-Wide Title I, Part A programs must provide similar services to homeless students as are provided to other students being served by the school’s Title I, Part A program.
Title I, Part A Requirements (continued)

• Title I, Part A mandates that school districts set aside a portion of their Title I, Part A dollars to serve homeless students attending non-participating schools. This is known as the mandatory reservation of funds set-aside. Title I, Part A - Sec 1113(c)(3)(A)

• Includes providing educational support services to children in shelters and other locations where homeless children may live.
Title I, Part A Requirements
(continued)

• A district has the discretion to use reserved funds to provide services that are not ordinarily provided to other Title I, Part A students and that are not available from other sources.

• Federal law does not mandate a specific set-aside calculation method or amount. The amount reserved is to be determined by the district, as appropriate.

• BE INTENTIONAL when determining your set-aside. Be sure to include your District’s Homeless Education Liaison.
Formulas for Determining the Title I, Part A Set-Aside Amount

1. Review needs and costs involved in serving homeless students in the current year and project for the following year.

2. Multiply the number of homeless students by the Title I, Part A per pupil allocation.

3. For districts with subgrants, reserve an amount greater than or equal to the McKinney-Vento subgrant funding request.

4. Reserve a percentage based on the district’s poverty level or total Title I, Part A allocation.
Title I, Part A & Title IX, Part A Set-Aside Funds

• Two principles govern the usage of homeless set-aside funds:

1. The services must be reasonable and necessary to assist students experiencing homelessness to take advantage of educational opportunities.

2. The funds must be used only as a last resort when funds or services are not available from other public or private sources.

ALLOWABLE USES OF SET-ASIDE FUNDS

Two principles govern the usage of homeless set-aside funds:

1. The funds must be reasonable and necessary to assist students experiencing homelessness to take advantage of educational opportunities (ED, 2017, p. 41).

2. The funds must be used only as a last resort when funds or services are not available from other public or private sources (p. 41).

With these principles in mind, allowable uses of set-aside funds may include, but are not limited to:

- items of clothing, particularly if necessary to meet a school’s dress or uniform requirement;
- clothing and shoes necessary to participate in physical education classes;
- student fees that are necessary to participate in the general education program;
- personal school supplies;
- birth certificates necessary to enroll in school;

Determining Title I, Part A Set-Aside Amounts

Determining an appropriate homeless set-aside amount requires coordination between the school district’s Title I, Part A and McKinney-Vento programs. The set-aside may be determined based on an assessment of the needs of students experiencing homelessness within the district, considering both the number and needs of these students (ED, 2017, pp. 40-41).

HUD’s Definition of Chronic Homelessness

To be considered chronically homeless, an individual or head of household must meet the definition of “homeless individual with a disability” from the McKinney-Vento Act, as amended by the HEARTH Act and have been living in a place not meant for human habitation, in an emergency shelter, or in a safe haven for the last 12 months continuously or on at least four occasions in the last three years where those occasions cumulatively total at least 12 months;
The definition of “homeless individual with a disability” also requires that the condition be of long and continuing duration; substantially impedes the individual’s ability to live independently; and, is expected to improve with the provision of housing.
Continued

To be eligible for permanent supportive housing generally, an individual or family member must be considered a “homeless individual with a disability”, therefore, HUD adopted this term into the definition of chronically homeless to ensure consistency;
To be eligible for permanent supportive housing generally, an individual or family member must be considered a “homeless individual with a disability”, therefore, HUD adopted this term into the definition of chronically homeless to ensure consistency;
Occasions are defined by a break of at least *seven nights* not residing in an emergency shelter, safe haven, or residing in a place meant for human habitation (e.g., with a friend or family). Stays of fewer than seven nights residing in a place meant for human habitation, or not in an emergency shelter or safe haven do not constitute a break and count toward total time homeless; and
Continued

Stays in institutions of fewer than 90 days where they were residing in a place not meant for human habitation, in an emergency shelter, or in a safe haven immediately prior to entering the institution, do not constitute as a break and the time in the institution counts towards the total time homeless. Where a stay in an institution is 90 days or longer, the entire time is counted as a break and none of the time in the institution can count towards a person’s total time homeless.
Chronic Homelessness Definition

1) In general, a chronically homeless person is a disabled individual who has been continuously homeless for over one year.

OR

(2) A disabled individual who has had at least four episodes of homelessness in the past three years that total 12 months.
Causes of Homelessness

- Lack of a source of adequate income
- Lack of affordable housing
- Substance Abuse
- Disability or illness
- Lack of access to employment
- Displacement from natural disaster
- Inadequate access to, availability or efficiency of prevention or intervention services
Lack of Education
Domestic Violence
Incarceration
Return from Military Services
Discriminatory practices in housing and hiring.
Mental Illness, Substance Abuse and Domestic Violence are the three most contributing factors to Homelessness.
The Emergency Rental Assistance program makes available $25 billion to assist households that are unable to pay rent and utilities due to the COVID-19 pandemic.

The funds are provided directly to State through the Alabama Housing Finance Authority and Local Municipalities such as City and County Commissions.
Emergency Rental Assistance Program (ERAP)
U.S. Department of Treasury Continued

Grantees use the funds to provide assistance to eligible households through existing or newly created rental assistance programs.
The Purpose of the ERAP Funds:

Grantees use the funds to provide assistance to eligible households through existing or newly created rental assistance programs.

Not less than 90 percent of awarded funds must be used for direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy costs arrears, and other expenses related to housing.

Remaining funds are available for housing stability services, including case management and other services intended to keep households stably housed, and administrative costs.
Who is Eligible?

An “eligible household” is defined as a renter household in which at least one or more individuals meets the following criteria:

Qualifies for unemployment or has experienced a reduction in household income, incurred significant costs, or experienced a financial hardship due to COVID-19;

Demonstrates a risk of experiencing homelessness or housing instability; and

Has a household income at or below 80 percent of the area median.
Available Assistance and Factors Associated

Eligible households may receive up to 12 months of assistance, plus an additional 3 months if the grantee determines the extra months are needed to ensure housing stability and grantee funds are available.

The payment of existing housing-related arrears that could result in eviction of an eligible household is prioritized.
Available Assistance and Factors Associated

Assistance must be provided to reduce an eligible household’s rental arrears before the household may receive assistance for future rent payments. Once a household’s rental arrears are reduced, grantees may only commit to providing future assistance for up to three months at a time. Households may reapply for additional assistance at the end of the three-month period if needed and the overall time limit for assistance is not exceeded.
Application Process:
Who Can Submit An Application

An application for rental assistance may be submitted by either an eligible household or by a landlord on behalf of that eligible household. Households and landlords must apply through programs established by grantees. In general, funds will be paid directly to landlords and utility service providers.
Lack of Affordable Housing

The National Low Income Housing Coalition

Out of Reach 2020 Report indicates in Huntsville Alabama, the fair market Rent (FMR) for a two-bedroom apartment is $803.00 per month. Minimum Wage in Alabama is $7.25 per hour. In order to not be housing burdened the wage needed for this apartment to affordable is in Huntsville is $15.04. At the current minimum wage earning ($7.25) a household would have to work 83 hours a week in order for housing to affordable.
In Huntsville, Alabama, a minimum wage worker earns an hourly wage of $7.25. In order to afford the FMR for a two-bedroom apartment, a minimum wage earner must work 72 hours per week. 52 weeks per year. Or a household must include 1.7 minimum wage earners working 40 hours per week, year – round in order to make the two-bedroom FMR affordable.
How do we eliminate Homelessness?

To eliminate homelessness, individuals must be able to meet needs in the following areas:

1) Material (housing, food, clothing, transportation, medical etc.)
2) Social (sense of belonging, friendships, etc.)
Continued

3) Income (living wage)
4) Psychological (self-worth, personal responsibility, sense of contribution)
Conclusion

The NACH Continuum of Care primary focus is collaboration of agencies and the partnering of resources. As we all know funding to support programs are decreasing therefore it is extremely important for each of us to use our resources as efficiently and effectively as possible and to avoid duplications of services and resources whenever possible.
Conclusion

I encourage each of your to become a member of your local Continuum of Care.
