Students can login via mobile site to check messages, matches and quickly apply to college and scholarships.

## About achievealabama.org

The site was created by C.A.M.P. (College Admissions Made Possible) in partnership with the Rotaract Club of Birmingham to give high school students in Alabama a tool to assist in the college admissions and scholarship application process.

**C.A.M.P.** was founded in 2011 by Dr. Martin Nalls in order to provide intensive college admissions assistance for low-income, minority and first generation college-bound students. The goal of C.A.M.P is to assist those students who have limited access to guidance on the college admissions process with intensive advisement and opportunities for personal advancement.

The program works with college admission officers and guidance counselors from high-performing public and private high schools to develop relationships with students and to assist with a variety of services such as: test preparation, college essays, letters of recommendation, resume drafting, interviews, summer programs, scholarships, financial aid, and internships. C.A.M.P also facilitates students' participation in on-campus visits.

**The Rotaract Club of Birmingham** is a young professional organization that focuses on professional development, socializing, and most importantly, service to the community. With nearly 300 members, Rotaract provides opportunities for Birmingham's young leaders to promote responsible citizenship, develop professional skills, and employ effective leadership.

In 2014, Rotaract joined C.A.M.P. in launching its "Ready to Succeed" mentoring program that pairs Rotaract members with lower-income high school juniors and seniors to foster relationships where members encourage and assist the students with the process of applying for admission to college and seeking scholarship assistance.
