**Course Content Standard(s)**

12. Demonstrate appropriate digital citizenship through safe, ethical, and legal use of technology systems and digital content.
   a. Explain consequences of illegal and unethical use of technology systems and digital content.
      Examples: cyberbullying, plagiarism
   b. Interpret copyright laws and policies with regard to ownership and use of digital content.
   c. Explain the implications of creating and maintaining a positive digital footprint.
   d. Critique Internet and digital information for validity, reliability, accuracy, bias, and current relevance.
   e. Cite sources of digital content using a style manual.
      Examples: Modern Language Association (MLA), American Psychological Association (APA)

**College and Career Readiness Standards**

*(Teachers should select the appropriate grade span standard(s) as it pertains to reading and writing.)*

</table>
Students read the ten things about a digital footprint. At the bottom of the page, the author, Don Goble, gives an activity where students create a positive short film of themselves.

http://www.teachhub.com/10-things-your-students-should-know-about-their-digital-footprints

IV. Critique Internet and Digital Information
Refer to http://www.nisd.net/digitalcitizen/Site_Map.htm, a site dedicated to digital citizenship. Teacher may pull out activities and resources that fit into timeframe and student population.

http://www.nisd.net/digitalcitizen/Site_Map.htm

V. Sources of Digital Content Using A Style Manual
Teacher discusses how to cite sources.

Students select the style manual given in their school and correctly cite digital sources. An English teacher may visit to answer questions.

APA and MLA websites.
