August 28, 2019

MEMORANDUM

TO: City and County Superintendents of Education

FROM: Eric G. Mackey
State Superintendent of Education

SUBJECT: Agriscience Education Extended School Year Grant Application

Enclosed is the grant application for the Agriscience Education Extended School Year Grant. The document contains the grant application, general information, and instructions. The purpose of the grant is to provide funding to local education agencies for salaries, benefits, stipends, travel to Alabama State Department of Education and Future Farmers of America (FFA)-sanctioned activities, and other approved activities for extended contracts beyond the existing teacher contract period for Agriscience teachers currently on a 220-day or less contract.

Grants of up to $18,000 will be available during the 2019-2020 school year. Funds are available for obligation from the date of the award through September 30, 2020.

Applications must meet the minimum standards as specified in the Agriscience Education Extended School Year Grant application to be considered for funding. The deadline for submission is no later than 4:30 p.m. on Friday, October 11, 2019. Send applications to Mr. Tommy Glasscock, Assistant State Superintendent, Career and Technical Education/Workforce Development, Alabama State Department of Education, ATTN: Mr. James Andy Chamness, Education Administrator, P. O. Box 302101, Montgomery, Alabama 36130-2101.

If you have any questions, please contact Mr. Chamness by telephone at 334-694-4759 or by email at jchamness@alsde.edu.

FISCAL YEAR 2020

I. GRANT OVERVIEW

Division/Section
Alabama State Department of Education
Career and Technical Education/Workforce Development

Instructions
Complete all pages of the application packet and return by 4:30 p.m. on October 11, 2019. Mail to: Mr. Tommy Glasscock, Assistant State Superintendent, Career and Technical Education/Workforce Development, ATTN: Mr. Andy Channess, P. O. Box 302101, Montgomery, AL 36130-2101 (for Federal Express: 50 North Ripley Street, Montgomery, AL 36104) or hand-deliver to: Mr. Tommy Glasscock, Assistant State Superintendent, Career and Technical Education/Workforce Development, ATTN: Mr. Andy Channess, Gordon Persons Building, 3rd Floor, Room 3307, 50 North Ripley Street, Montgomery, AL 36104. Submit the original and four copies. Please use blue ink for Agriscience Education Extended School Year Grant application signatures on the original. Round all dollar values on the budget summary to the nearest whole dollar.

Purpose
To advance agriscience education and FFA opportunities for students by providing stipends, benefits, registration, and travel for agriscience teachers to work beyond the normal school year to develop and maintain a highly effective agriscience program. A highly effective program focuses on three equal parts: classroom instruction, supervised agricultural experience (SAE), and FFA.

Fund Use
The funds for the extended school year may only be spent on stipends, benefits, teacher registration, and the teacher’s travel expenses to approved career and technical education activities related to agriscience classroom instruction, SAES, or FFA activities. Funds for teacher travel and registrations may only be used for chaperoning students to agriscience or FFA-related events or to workshops that provide professional development and can be verified through a certificate. Funds for out-of-state travel and registration for out-of-state events shall not exceed $1,800. Funds may not be used to pay for student travel, classroom supplies, equipment, tuition, food for students, meeting supplies, and apparel for teachers and/or students. Supplanting funds is not allowable. Funds may only be used for stipends for working days, not vacation days. Payments for stipends and additional days cannot be made for days the employee is paid under contract. School board approval for payments made to employees should clearly indicate that these payments are for “one time only” and will not add additional days to employee contracts.

Program Goals
To increase student opportunities through improvements in FFA, SAES, and classroom instruction.

Eligibility
Local Education Agencies (LEAs) are eligible to submit one proposal per agriscience teacher on a 220-day or less contract that supports the purposes of the Agriscience Education Extended School Year Grant. Only agriscience teachers beginning their second consecutive year as an agriscience teacher with an FFA Chapter in good standing as defined by the Alabama FFA Association are eligible. Furthermore, only agriscience teachers that are reported as 100% full-time equivalent in career and technical education on the career and technical program application are eligible to apply unless the agriscience teacher is highly qualified in science and is only teaching science courses outside of his/her career and technical education courses. A minimum Performance-Based Evaluation score of 100 and registration/attendance of members at the 2019 Alabama FFA State Convention is required for award eligibility. Beginning with the FY20 Agriscience Education Extended School Year Grant, submission of Form I-State Superior Chapter of the National FFA Chapter Award Application will be required. Form I of the National FFA Superior Chapter is due electronically on or before September 15 annually. Agriscience teachers that taught agriscience at a different school during the previous school year are also eligible using the previous school data on the performance-based evaluation. Teachers that received the Agriscience Education Extended School Year Grant during the previous school year that scored less than 75% or did not submit the Final Report/Desk Audit are not eligible for award consideration the following year. Any ineligible applications will be returned and not evaluated.

Funding Availability
A maximum of $18,000 per teacher for stipend, benefits, and approved teacher travel and registration costs. Out-of-state travel and registration for out-of-state events shall not exceed $1,800.

Type of Award
Competitive

Type of Proposal
Implementation

Funding Period
Funds are available for obligation from date of award through the first day of the teacher’s 2020-2021 contract.

</table>
II. INTRODUCTION
Activities to increase student participation in FFA, leadership, citizenship, academics, and technological skills are an integral part of the CTE Agriculture, Food, and Natural Resources cluster curriculum. Funding provided is for use beyond the existing teacher contract up to the equivalent of a 240-day contract period.

III. APPLICATION INSTRUCTIONS
Proposals must address all the statements in the sequence and format provided below and must be based upon the funding purpose and other information as required. The Title Page Application, Performance-Based Evaluation, Proposal Narrative, Budget Narrative including the Proposed Detailed Budget and the Proposed Budget Summary, Management Plan, and Assurances must be included in the proposal.

While the information requested for the application is comprehensive, the responses and descriptions should be succinct.

IV. APPLICATION FORMAT (what should be submitted)
- All applications submitted must adhere to the following format and submission requirements:
  Appendix A: Title Page Application (must be the first page of the application)
  Section I: Performance-Based Evaluation (Minimum Qualifying Score of 100)
  Section II: Proposal Narrative
  Appendix B: Detailed Budget and Budget Summary indicating expenses for the teacher included in the application
  Appendix C: Management Plan for the teacher included in the application
  Appendix D: Assurances
  Appendix E: Do not include in application
  Appendix F: Do not include in application - submission of document is required no later than August 31, 2020
  Appendix G: Do not include in application - submission of document is required no later than August 31, 2020
  Appendix H: Do not include in application
  Appendix I: Do not include in application

- Applications must be in 12-point font, double-spaced on one side of standard (8 ½" x 11"), unrulled white paper with minimum one-inch margins.
- Applications may be stapled in the upper left-hand corner but should not be bound or placed in a binder.
- One original set of documents bearing the requested signatures, signed in blue ink, and four (4) copies of the proposal must be submitted.
- Applications may not be faxed or transmitted electronically.
- Applications can be submitted by regular mail, express courier delivery, or hand-delivered.
- Applications must be received no later than 4:30 p.m., Friday, October 11, 2019.

Appendix A: Application / Performance-Based Evaluation / Proposal Narrative
Title Page Application
The two-page Agriscience Education Extended School Year Grant application, including title page, must appear as the cover for the grant.

Section I: Performance-Based Evaluation
The performance-based evaluation awards points based on achievement from the previous school year. Each item listed is given a certain point value. A minimum Performance-Based Evaluation score of 100 is required for award eligibility.

Section II: Proposal Narrative (this should be a detailed explanation of the management plan)
Include no more than a five-page proposal narrative (excluding management plan) describing how each of the components listed below will be addressed. All components of the proposal must be addressed in detail. Applications must be in 12-point font, double-spaced on one side of standard (8 ½" x 11"), unrulled white paper with minimum one-inch margins.

Provide a detailed description of the need that exists in your program. Describe in detail activities that will support the funding purposes. Include any valid and reliable data that supports the need for an extended school year and how your activities will be used to meet that need. Identify overall goals to be addressed and measurable objectives for each activity (i.e., ratio of FFA membership-to-student enrollment, ratio of students with active SAES to student enrollment).
Appendix B: Detailed Budget and Budget Summary
Complete the proposed detailed budget and budget summary form. All dollar values on the budget summary must be rounded up to the nearest whole dollar. The detailed budget identifies the amount of funds requested and the description of use for each category as well as the total and the daily pay rate of the teacher. The management plan should align with the detailed budget activities. Fund Codes maybe found in Appendix B of the Budget Summary page.

Appendix C: Management Plan (should be summary of proposal narrative)
The teacher will submit a proposed management plan that outlines the activities and services to be implemented during the performance period. Additionally, the management plan shall include measurable goals for each activity listed.

Appendix D: Assurances
All pages of assurances must be completed, signed, and submitted. Original signatures in blue ink of the superintendent, chief school financial officer, career and technical administrator, and the applying teacher are required.

Appendix E: Resources
This section of the document includes resources for the completion and implementation of the Agriscience Education Extended School Year Grant which may be utilized by the teacher and/or local system. This section will not be turned in with the application.

V. SITE REVIEWS, DESK AUDITS, AND FINAL BUDGET REPORTS

Appendix F: Final Report – Desk Audit
Teachers will submit to the ALSDE Agriscience Education Administrator an annual performance report and associated documentation (Agriscience Education Program Final Report – Desk Audit) that is based on the components of the management plan that outline the activities and services that were implemented during the performance period as well as copies of the applicants time sheets and certificates earned during the award period no later than August 31, 2020. Teachers should maintain a binder composed of documentation that verifies the accomplishment of the given items. This binder will be reviewed by the LEA CTE administrator and ALSDE staff if selected for a site review.

Appendix G: Final Budget Report
A Final Budget Report, with appropriate signatures in blue ink, documenting actual dollars spent during the Agriscience Education Extended School Year period and a refund check for any remaining funds (if any) must be submitted by August 31, 2020, to Mr. Andy Chamness, Agriscience Education Administrator or LEA accounting. A memorandum from the CSFO of the LEA briefly explaining why funds are being returned should accompany the refund check.

Appendix H: Sample Timesheet
A sample timesheet is provided as a reference for the applicant or local system use. A timesheet along with the Agriscience Education Extended School Year Grant Final Report Desk Audit, Final Budget Report, and copies of professional development certificates will be submitted by August 31, 2020.

Appendix I: Scoring Sheet and Rubric
The Scoring Sheet and Rubric will be used to evaluate and calculate the application score based upon outside reader scores and Alabama Agriscience State Staff verification of the application. This section will not be turned in with the application.

NOTES:
1. NO ADDITIONAL BUDGET ITEMS MAY BE ADDED
2. FUNDS MAY NOT BE MOVED FROM ONE LINE OR OBJECT CODE TO ANOTHER WITHOUT SUBMISSION OF AN AMENDMENT

TOTAL (round all dollar values up to the nearest whole dollar) $ __________________

Note: The benefits that must be budgeted for stipends are social security, Medicare, retirement, and unemployment compensation. Round all dollar values up to the nearest whole dollar.

No additional budget items may be included other than those listed above. Funds for teacher travel may only be used for chaperoning students to agriscience or FFA-related events or to workshops that provide professional development and can be verified through a certificate. Funds may not be used to pay for student travel, classroom supplies, equipment, tuition, and apparel for teachers and/or students. Supplanting is not allowable. An application may be disqualified for modifying the budget or listing non-approved items.

ASSURANCES/AGREEMENTS FOR FISCAL YEAR 2020

This Local Education Agency hereby assures the Alabama State Department of Education, Career and Technical Education/Workforce Development Section, that:

1. This application has been developed in consultation with the local advisory council for career and technical education and will be made available for review and comment by interested parties including, as appropriate, representatives from other workforce development partners.

2. Equal opportunities in Career and Technical Education programs will be provided to persons without regard to race, sex, religious preference, national origin, or disability.

3. The findings of evaluations of programs operated by this applicant during previous years were considered when planning the programs proposed in this application.

4. The activities proposed in this application take into consideration all facets of workforce development in order to ensure a coordinated approach to meeting the training and education needs of the area.

5. To avoid duplication, consideration has been given to other occupational training programs being conducted by other agencies in the area.

6. Federal funds received will be used to supplement and to increase the amount of state and local funds that would, in the absence of those federal funds, be made available for the uses specified in the State Plan and the local applications. In no case will federal funds supplant state or local funds.

7. Funds will be used to link secondary and postsecondary Career and Technical Education programs, including offering the relevant elements of not less than one career and technical program of study described in the state plan. [Section 135(b)(2)]

8. The applicant will provide guidance, counseling, and career development activities conducted by professionally trained counselors and teachers.

9. The applicant will provide guidance, counseling, and career development activities for students in nontraditional populations.

10. The applicant will provide counseling and instructional services designed to facilitate the transition from secondary to postsecondary education and/or employment.

11. Statistical, financial, and descriptive reports required by the Alabama State Department of Education will be submitted.

12. The applicant will make provisions for leadership training for all students enrolled in Career and Technical Education programs.

13. Funds expended under this Act will not be used to acquire equipment (including computer software) in an instance in which such acquisition results in a direct financial benefit to any organization representing the interest of the purchasing entity or its employees or any affiliate of such an organization.
14. The LEA will comply with the requirements of the Alabama Competitive Bid Law. The bid law requires that purchases over $15,000 be made under contractual agreement entered into by free and open competitive bidding or sealed bids.

15. State and local funds will be used in the schools of each local education agency that is receiving funds under this Act to provide services which, taken as a whole, are at least comparable to services being provided in schools that are not receiving such funds.

16. Fiscal control and fund accounting procedures will be used that will ensure proper disbursement and accounting for federal Career and Technical Education funds in accordance with “OMB Circular A-87” and the Education Department General Administrative Regulations (EDGAR).

17. Records will be retained for three years after the close of the fiscal year in which funds are expended and until all pending audits have been completed and the exceptions resolved.

18. The LEA will keep cash on hand at a minimum.

19. The LEA will obtain an audit that will meet the requirements as outlined in the “Audit Standards for Alabama School Boards” and “OMB Circular A-133.”

20. The LEA will abide by the approved LEA Restricted Indirect Cost Plan.

21. When issuing statements, press releases, requests for proposals, bid solicitations, and other documents describing a project, the LEA shall clearly state: (1) the dollar amount of federal funds for the project; (2) the percentage of the total cost of the project that will be financed with federal funds; and (3) the percentage and dollar amount of the total cost of the project that will be financed by non-government sources (Section 511 of the 1990 Department of Education Appropriation Act).

22. The LEA will comply with provisions of the Hatch Act (5 U.S.C. 1501-1508 and 7324-7328) that limit the political activities of employees whose principal employment activities are funded in whole or in part with federal funds.

23. Maintenance of local effort for Career and Technical Education programs will be provided to the extent that all Career and Technical Education programs shall be provided local financial support for maintenance in an amount not less than $300 per teacher, plus $3 per student based upon average enrollment.

24. The local advisory council on Career and Technical Education meets the requirements of the Alabama State Board of Education.

Additional Assurances for Special Populations

Funds are to provide activities to prepare special populations including single parents and disabled homemakers who are enrolled in Career and Technical Education programs for high-skill, high-wage, or high-demand occupations that lead to self-sufficiency. [Section 135(b)(9)]

25. Programs using federal funds shall be carried out according to the criteria for programs for each special population. The term “special populations” includes individuals with disabilities; individuals from economically disadvantaged families, including foster children; individuals preparing for nontraditional training and employment; single parents, including single pregnant women; displaced homemakers; individuals with other barriers to educational achievement, including academically disadvantaged; and individuals with limited-English proficiency.

26. Special needs of students will be assessed with respect to their successful completion of the Career and Technical Education program in the most integrated setting possible.
27. Supplementary aids and services will be provided to students who are members of special populations, when appropriate. These aids and services may include, but are not limited to, curriculum modification, equipment modification, classroom modification, supportive personnel, instructional aids and devices, etc.

28. The applicant will provide Career and Technical Education programs that encourage students to pursue coherent sequences of courses and that assist special population students to succeed in such programs.

29. The applicant will maintain documentation to verify the eligibility of students who are members of special populations enrolled in programs supported by federal funds.

30. The applicant will make provisions for including appropriate representation of career and technical education personnel on Individualized Education Program (IEP) committees for students with disabilities.

31. Students who are members of special populations will be assisted in entering Career and Technical Education programs and, with respect to students with disabilities, will be assisted in fulfilling the transitional service requirements of the Individuals with Disabilities Education Act (IDEA) when appropriate.

32. The applicant will make provisions for disabled students enrolled in private secondary schools that are approved by the Alabama State Department of Education to participate in Career and Technical Education programs receiving federal funds.

33. The applicant shall provide:

   a. Students who are members of special populations and parents of such students the following information at least one year before the students enter or are of an appropriate age for the grade level in which Career and Technical Education programs are first generally available, but in no event later than the beginning of the ninth grade.

      (1) The opportunities available in Career and Technical Education.
      (2) The requirements for eligibility for enrollment in such Career and Technical Education programs.
      (3) The specific courses that are available.
      (4) The special services that are available.
      (5) The employment opportunities.
      (6) The opportunities for placement.

   b. Information regarding procedures for participating in state and local decisions that influence the character of programs under this Act affecting their interests. The information provided shall, to the extent possible and practicable, be in a language and form that the parents and students understand.

**DRUG FREE SCHOOLS AND CAMPUSES**

This certification is required by 34 CFR, Part 86, which states in part that no institution shall be eligible to receive any federal funds unless it completes the following certification:

The institution certifies it has adopted and has implemented a program to prevent the use of illicit drugs and alcohol by students or employees that, at a minimum, includes:

1. The annual distribution in writing to each employee and to each student who is taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student's program of study, of:
   a. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities.
b. A description of the applicable legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol.

c. A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.

d. A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students.

e. A clear statement that the institution on higher education (IHE) will impose disciplinary sanctions on students and employees (consistent with local, state, and federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct required by paragraph (a)(1) of this section. For the purpose of this section, a disciplinary sanction may include the completion of an appropriate rehabilitation program.

2. A biennial review by the IHE of its program to:
   a. Determine its effectiveness and implement changes to the program if they are needed.
   b. Ensure that the disciplinary sanctions described in paragraph (a)(5) of this section are consistently enforced.

CERTIFICATIONS REGARDING LOBBYING, DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

Submission of this certification is required by 34 CFR, Part 82, and is a prerequisite for making or entering into a grant or cooperative agreement over $100,000.

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the making of any federal grant, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal grant or cooperative agreement.

2. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this federal grant or cooperative agreement; the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions (forms available at ALSDE on request).

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-grants, contracts under grants and cooperative agreements, and subcontracts) and that all sub-recipients shall certify and disclose accordingly.

DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS

The regulations implementing Executive Order 12549, Debarment and Suspension, 34 CFR, Part 85, Section 85.510, Participants’ responsibilities require this certification.

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms “covered transaction,” “debarred,” “suspended,” “ineligible,” “lower tier covered transaction,” “participant,” “person,” “primary covered transaction,” “principal,” “proposal,” and “voluntarily excluded,” as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 122549. (You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.)

5. The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled “Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion—Lower Tier Covered Transactions,” without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction; unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

a. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by a federal department or agency.

b. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

INTRODUCTION

"With increasing pressure for justification and funding of extended programs, documentation of time spent and activities performed will help you meet the demands from state and local education officials. Documentation means more than shuffling papers. The summer months of the agriculture instructor/FFA advisor have legislatively and traditionally been months of supervision, teaching, and learning. Since the passage of the Smith-Hughes Act in 1917, vocational agriculture instructors have been employed for a longer period of time than other teachers in the high school (originally 12 months). The extended program provides the opportunity to conduct summer educational activities and experiences through "directed and supervised practice." Extended programs are a valuable and necessary component of the Agriscience program. The teaching of Agriscience students cannot and should not stop at the beginning of June if we intend to gain the optimum advantages in learning for our students. Agriscience practices, Agriscience/agricultural programs and supervised agricultural experience (SAE) programs are in full operation during the summer, and these students need supervision. The major purpose of the extended program is to provide quality instruction for students enrolled in Agriscience courses. If the Agriscience instructor is to be accountable for his/her time and activity, the instruction must focus on the SAE programs and other student-oriented activities." Agriculture Teacher's Manual, National FFA Organization, 1998, pp. 11:2-4

This manual defines the extended school year requirements for teachers holding an Agriscience Certification who are teaching courses from the Agriculture, Food, and Natural Resources (AFNR) Cluster and are participating in the state-funded Career and Technical Education (CTE) Initiative. The manual provides the criteria and guidelines to be implemented by the Agriscience teacher to be eligible for and remain in compliance with the extended school year grant. These criteria will be used for evaluation and for continued participation in the state-funded CTE Initiative.

The purpose of the extended school year grant is to provide funding to the local education agency (LEA) for stipends, benefits, travel to Alabama State Department of Education (ALSDE) and FFA-sanctioned activities, and other approved activities for extended school year beyond the existing teacher contract period for Agriscience teachers currently on a 220-day or less contract. The goals of the extended school year grant are to increase student membership and participation in FFA, leadership, citizenship, academics, and technological skill activities to enable students to participate in comprehensive learning environments that enhance their knowledge and skills of Agriscience. Students are then able to make more informed career decisions and perform at higher-skill levels in the AFNR industry.
Due to the year-round nature of Supervised Agricultural Experience (SAE) programs, continued supervision through the summer months is required. SAE programs are an integral part of the total school-based agricultural education program. Examples of SAE programs are employment or placement, entrepreneurship, research, home and farm improvements, and technical skills. Teachers are required to visit students’ SAE programs to evaluate progress and supervise students.

To enable agriculture students to take full advantage of opportunities afforded them through the co-curricular (intra-curricular) National FFA Organization, Agriscience teachers are available year-round. Many FFA career development events and leadership conferences occur during the summer months to avoid conflict during class time. Many FFA chapters hold meetings, retreats, workshops, and industry visits during the summer months in preparation for the upcoming school year. These activities ensure personal growth and development, along with technical competence of agricultural education students.

Because of the dynamic nature of the AFNR industry, it is crucial for teachers to keep abreast of new technology. Many industry-sponsored workshops and conferences occur during the extended school year period. Furthermore, during the summer months, agricultural-related industries hold professional development workshops and seminars to provide up-to-date curricular materials and delivery systems.

Facilities required for teaching the Agriscience Education curriculum require extensive upkeep. Many schools have animal laboratories and/or greenhouses that must be managed on a daily basis. Timely renovation and maintenance of facilities are necessary in maintaining a quality program to serve students.
QUALITY PROGRAM INDICATORS

The state of Alabama has defined all CTE programs using quality program indicators with an agreement through Carl Perkins funding. These indicators are validated by obtaining program certification. The indicators for all Alabama CTE programs are as follows:

- Programs of such size that offer an equivalent of three (3) one-credit courses within a period of two consecutive years.
- Programs of such scope that are aligned with the State Board of Education-approved Alabama Course of Study (COS) and Plans of Instruction (POI).
- Programs that have a certified and appropriately endorsed teacher.
- Programs having a state-approved articulation agreement for a program of study or a local articulation agreement approved in writing by secondary and postsecondary institutions (where available).
- Programs being supported by current labor market data to support high-skill, high-wage, or high-demand jobs.
- Programs that teach all aspects of an industry.
- Programs having an active advisory committee.
- Programs having a Career and Technical Student Organization (CTSO) as an integral part of the instructional program for all students.
- Programs promoting CTE and related academic curriculum integration with academic teachers.

A 12-month Agriscience Education program is one that equally maximizes the following three critical components of the educational instructional procedure, requiring that the teacher have an extended school year.

Classroom Instruction – This component includes contextual academic and technical skills and is accomplished through effective classroom and laboratory instruction which prepares qualified employees for the agriculture, food, and natural resources industry.

SAE – This component includes field experiences of concepts and principles learned in the classroom and are accomplished by teaching students practical skills by providing hands-on, real-world experiences that will help them be successful in today’s work world. These activities are intended to be project, service, and work based learning experiences for students.

Student Leadership (FFA) – This component is accomplished by encouraging and assisting students to participate in FFA. The National FFA Organization makes a positive difference in students’ lives by developing their potential for premier leadership, personal growth, and career success through Agriscience Education. FFA operates at the local, county, district, state, and national levels. The local FFA chapter is an integral part of the Agriscience Education program, providing a variety of opportunities for students to develop leadership and take charge of their learning. Effective FFA chapters help students make school-to-career connections, develop career skills, prepare for responsible citizenship, earn recognition, and build self-confidence.

To ensure that all Agriscience Education programs taught by teachers with extended school year incorporate and maximize the three critical components listed above, programs shall implement,
at a minimum, 75% of the items listed on the self-evaluation (Agriscience Education Program Final Report – Desk Audit) and shall strive to attain high-quality standards as evidenced by a desk audit or site visit.

COMPLIANCE MONITORING, THE LOCAL EDUCATION AGENCY, AND THE STATE DEPARTMENT OF EDUCATION

- The local CTE Administrator or designee shall evaluate the Agriscience Education program annually using the Alabama State Department of Education program certification, continued compliance monitoring protocol and/or NCCER core indicators. Documentation of this annual program evaluation shall be documented on the Program Application and Accountability Plans for Career and Technical Education and be submitted on or before August 1. If deficiencies are noted, a preliminary copy of the CTE Monitoring and/or NCCER review performed by the local CTE Administrator shall be sent to the ALSDE Administrator responsible for the supervision of the AFNR cluster on or before June 1.
- All programs must meet program certification, continued compliance monitoring and/or NCCER requirements as evidenced by reviews. Any deficiency shall be corrected within the fiscal year of the review.
- Agriscience teachers must complete all requirements of the Agriscience Education Extended School Year Grant to be eligible to receive an extended school year. The Agriscience Education Extended School Year Grant will be read and evaluated by outside readers. The score received on the Agriscience Education Extended School Year Grant and available funds allocated by the Alabama legislature will determine the grant award and the eligibility for participation in the state-funded CTE extended school year initiative.
- Agriscience teachers must complete the program self-evaluation (Agriscience Education Program Final Report – Desk Audit) and submit it to the ALSDE Agriscience Education Administrator on or before August 31. This deadline must be met annually to be eligible for participation in the CTE Initiative.
- Agriscience teachers must complete the Final Budget Report and submit it to the ALSDE Agriscience Education Administrator on or before August 31. This deadline must be met annually to be eligible for participation in the CTE Initiative.

CONSEQUENCES

Any program that does not obtain or maintain program certification or that deviates from the activities outlined in the Agriscience Education Extended School Year Grant shall be considered out of compliance and the teacher will not be eligible for participation in the CTE Initiative.
ACTIVITIES FOR EXTENDED SCHOOL YEAR

1. The Agriscience Education program must include the following three components: classroom instruction, student leadership (FFA), and Supervised Agriscience Experience (SAE). The teacher must combine these components to make a complete and balanced program. Students must be trained for Career Development Events and supervised at these activities. A majority of the students must have an SAE that requires home and work-site visits by the Agriscience teacher.

2. A management plan of all planned extended school year activities shall be included in the Agriscience Education Extended School Year Grant for review and evaluation by the grant readers. The management plan will be used as a reference during the site visit. Other activities documented in the management plan may be carried out with approval. Scheduling extended school year program dates will be flexible depending upon the type of school year calendar. Reminder: The intent of the grant is that all activities must occur after the existing contract and before the beginning of a new contract.

3. The teacher collects and submits all reports and data related to this grant to the ALSDE in accordance with the due date.

Classroom Instruction Activities

4. The teacher conducts a minimum of one advisory committee meeting during the extended school year period as evidenced by proper advisory committee minutes.

5. The teacher obtains instructional-based professional development related to Agriscience Education.

6. The teacher maintains and repairs instructional equipment.

7. The teacher updates files, lesson plans, and course syllabi and reviews resources in preparation for the next school year course offerings.

8. The teacher conducts an annual community survey to determine what programs (courses) need to be offered to meet local work force needs. (Not applicable for middle-level programs.)

9. The teacher develops agreements with state and local business/industry and agencies (NRCS, Alabama Extension Service, ALFA, Alabama Department of Agriculture and Industries, Alabama Farmers Cooperative, Alabama Cattlemen’s Association, Junior Cattlemen’s Association, etc.) for the purpose of improving the instructional program.

10. The teacher organizes and conducts adult education instruction and/or FFA Alumni or Young and Adult Farmers Education Association activities.

11. The teacher attends the AACTE Summer Conference as evidenced by travel claims, meeting agendas, verification of attendance from the conference, and/or other supporting materials.
Supervised Agriculture Experience (SAE) Activities

12. A minimum of 60% of students enrolled in the Agriscience Education program shall have in place an approved SAE program as evidenced by the annual desk audit submitted on or before August 31.

13. The teacher organizes and supervises agricultural experience programs of prospective students and makes regular planned on-the-farm or on-the-job instructional visits, devoting a minimum of five (5) days supervising his/her students’ SAE in the summer between school years as evidenced by the Agriscience Education Program Final Report – Desk Audit, SAE Report, Travel Claims, and/or reports submitted to school administration verifying visits.

14. The teacher conducts activities to enhance supervised agricultural experience programs.

15. The teacher submits one or more State FFA degree applications based on the student’s SAE program to the State FFA Office. (Not applicable for middle-level programs.)

16. The Agriscience Education program facilities are appropriate and the approved equipment is safe to compliment or facilitate school-provided SAE programs as evidenced by the Agriscience Education Program Final Report – Desk Audit and visual inspection during a site visit.

17. The Agriscience Education program must meet program certification requirements. Any deficiency shall be corrected within the fiscal year of the review.

18. The teacher must submit at least one FFA proficiency award annually related to a student’s SAE. (Not applicable for middle-level programs.)

Student Leadership (FFA) Activities

19. A minimum of 50% of students enrolled in the Agriscience Education program shall be members of FFA for the fiscal year prior to receiving the extended school year grant.

20. A minimum of 25% of members of FFA shall participate in FFA activities at the local, county, district, state, and/or national levels.

21. The teacher and FFA members attend and participate in local, county, district, and state FFA meetings (workshops, conferences, competitive events, etc.).

22. The teacher and FFA members attend and participate in FFA Chapter Officer Leadership Workshops or other FFA-sanctioned leadership development training.

23. The FFA Chapter holds at least one FFA Chapter meeting during the extended school year time.

24. The FFA Chapter officer meetings are held during the extended school year time.

25. The FFA Chapter submits a superior chapter application based on the chapter’s Program of Activities (Program of Work).

26. The FFA Chapter has one official delegate to the State FFA Convention. Other chapter members are encouraged to attend.

27. The FFA Chapter conducts at least one community service project.

28. The FFA Chapter holds an awards banquet or program.

29. The FFA Chapter conducts activities in recognition of National FFA week.

30. The teacher completes and submits the FFA Chapter Report by March 1 deadline.

APPENDIX F

Final Report – Desk Audit
**AGRISCIENCE EDUCATION PROGRAM FINAL REPORT – DESK AUDIT**
(Due on or before August 31, 2020, to the ALSDE Agriscience Education Administrator)
Must submit copies of timesheets and professional development certificates with Final Report/Desk Audit.

To ensure that all Agriscience Education programs taught by teachers with extended school year incorporate and maximize the three critical components (Classroom Instruction, SAE, Student Leadership – FFA), programs shall implement at a minimum 75% of the items listed below and shall strive to attain high-quality standards as evidenced by a desk audit or site visit.

<table>
<thead>
<tr>
<th>Critical Component: Classroom Instruction</th>
<th>Date of Completion</th>
