Use of Equipment 200.313(c)(1) and (2)

- Equipment must be used by the Non-Federal entity in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal award.

- When no longer needed, may be used in other activities with the following priority:
  1. Projects supported by Federal awarding agency
  2. Project funded by other Federal agencies

  - Otherwise, may be retained, sold or otherwise disposed as follows:
    - Over $5,000 – pay federal share

Subpart E – Cost Principles
Factors Affecting Allowability of Costs
200.403

All Costs Must Be:
1. Necessary, Reasonable and Allocable
2. Conform with federal law & grant terms
3. Consistent with state and local policies
4. Consistently treated
5. In accordance with GAAP
6. Not included as match
7. *Net of applicable credits (moved to 200.406)*
8. Adequately documented
Reasonable 200.404

- Consideration must be given to:
  a. Whether cost is a type generally recognized as ordinary and necessary for the operation of the non-Federal entity or the proper and efficient performance of the Federal award;
  b. The restraints or requirements imposed such as:
     ▪ Arms length bargaining (hint: procurement processes);
     ▪ Federal, state and local laws; and
     ▪ Terms of the grant award.
  c. Market Prices for comparable goods or services in the geographical area;
  d. Whether the individuals acted with prudence under the circumstances considering their responsibilities; and
  e. No significant deviation from established prices.
Reasonable

- Practical Questions
  - Do I really need this?
  - Is the expense targeted to valid programmatic/administrative need?
  - Is this the minimum amount I need to spend to meet my need?
  - Do I have the capacity to use what I am purchasing?
  - Did I pay a fair rate?
  - If I were asked to defend this purchase, would I be able to?
A cost is allocable to a Federal award or cost objective if the goods or services involved are chargeable or assignable in accordance with relative benefits received.

- Incurred specifically for the award;
- Benefits both award and other work and can be distributed in proportions that may be approximated using reasonable methods; and
- Necessary to the overall operation of the entity and assignable to the award in accordance with this Part.

- Can only charge in proportion to the value received by the program
  - Example: Agency purchases a computer to use 50% on the Federal grant program and 50% on a state program – can only charge half the cost to the grant.
Factors Affecting Allowability of Costs (cont.)

200.403

- Be consistent with policies and procedures that apply uniformly to both federally-financed and other activities of the non-Federal entity.
- Be accorded consistent treatment
  - Can not charge cost as both direct and indirect
- Be determined in accordance with GAAP
- Not be included as a cost or used to meet cost sharing or matching
Factors Affecting Allowability of Costs (cont.)
200.403(g)

Adequately documented

- Amount of funds under grant
- How the funds are used
- Total cost of the project
- Share of costs provided by other sources
- Records that show compliance and performance
- Other records to facilitate an effective audit (see 76.730 and 76.731)
Methods for Collection, Transmission and Storage of Information 200.333 and 200.335

- EDGAR says to keep records for 3 years (200.333)
- **BUT Keep records for 5 years** because… of Statute of Limitation under GEPA Section 81.31(c)

- When original records are electronic and cannot be altered, there is no need to create and retain paper copies.

- When original records are paper, electronic versions may be substituted through the use of duplication or other forms of electronic media provided they:
  - Are subject to periodic quality control reviews,
  - Provide reasonable safeguards against alteration; and
  - Remain readable.
Applicable Credits
200.406

- Those receipts or reduction-of-expenditure type transaction that offset or reduce expense items – must be credited to the Federal award as either cost reduction or cash refund, as appropriate.

  - SEA - Sec. 4203(a)(9)
  - Subrecipient – Sec. 4204(b)(2)(G)

- Presumptions
  - Required to provide service/goods/activity under another federal, State, or local law
  - Provided with other federal, State, local, or other non-federal funds in the prior year.
Presumption Rebutted!

- NO non-federal resources available this year!
Indirect Costs
- If you have an approved rate that can distinguish costs for each program
- Restricted Indirect Cost Rate!

Pre-award Costs (if have written approval)
- If charged after award notice but before the effective date, costs may be charged to the extent they would have been allowable if incurred after the award date.
  - If, prior to receiving notice of the grant, the local organization incurring financial obligations is doing so at its own risk.
Charge a Fee?

- Old 2003 Guidance: Must offer a “sliding scale” of fees and scholarships for those who cannot afford the program.

- June 2018 ED Presentation:
  - The fee should be the same for all students; and
  - No child can be excluded from the program even if the student’s family is incapable of paying the nominal fee.

- How to read these two pieces of guidance together?
21st CCLC Carryover

- SEA has discretion
  - If grantee making substantial progress:
    - SEA may not redistribute 21st CCLC funds that remain unobligated if doing so would reduce the total amount of funds available to the grantee from a given fiscal year's appropriation below $50,000.
  - If grantee NOT making substantial progress:
    - SEA decides not to award a second or third year 21st CCLC grant continuation,
    - SEA may redistribute any unobligated funds, even if doing so would reduce the funds available below $50,000.
Program Income

- ED: For grantees and subgrantees that collect parent fees, they should understand that the income generated by the fees is considered **program income**.
  - Without prior approval, must use deduction method.
  - With prior approval: may use addition method

- 2 CFR § 200.307(e) governs the use of program income.
Selected Items of Cost

There are 55 specific items of cost!
Starts at 200.420
Selected Items of Cost Examples

- **Advertising/PR 200.421**
  - Allowable for programmatic purposes including:
    - Recruitment
    - Procurement of goods
    - Disposal of materials
    - Program outreach
    - Public relations (in limited circumstances)
Selected Items of Cost Examples (cont.)

- **Conferences 200.432**

- Travel Costs 200.474
  - Travel costs may be charged on actual, per diem, or mileage basis
  - Travel charges must be consistent with entity’s written travel reimbursement policies
  - Allows costs for “above and beyond regular dependent care”
  - Grantee must retain documentation that participation of individual in conference is necessary for the project
Time and Effort Documentation
Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed.

How staff demonstrate allocability
- If employee paid with federal funds, then must show that the employee worked on that specific federal program cost objective 200.403(a)
Who must participate?

- Must be maintained for all employees whose salaries are:
  - Paid in whole or in part with federal funds
  - Used to meet a match/cost share requirement
  - NOT contractors
The Prior A-87 Rule (SEAs and LEAs)

Semi-Annual Certifications
- If an employee works on a single cost objective:
  - After the fact
  - Account for the total activity
  - Signed by employee or supervisor
  - Every six months (at least twice a year)

Personnel Activity Report (PAR)
- If an employee works on multiple cost objectives:
  - After the fact
  - Account for total activity
  - Signed by employee
  - Prepared at least monthly and coincide with one or more pay periods
These records MUST:

1. Be supported by a system of internal controls which provides reasonable assurance charges are accurate, allowable and properly allocated;
2. Be incorporated into official records;
3. Reasonably reflect total activity for which employee is compensated;
   - Not to exceed 100%
4. Encompass all activities (federal and non-federal);
5. Comply with established accounting polices and practices; and
6. Support distribution among specific activities or cost objectives.
Percentages
200.430(i)(1)(ix)

- Because practices vary as to the activity constituting a full workload, records may reflect categories of activities expressed as a percentage distribution of total activities.
Compliance
200.430(i)(2)

- For records which meet the standards, the non-federal entity will not be required to provide additional support or documentation for the work performed.

- DOL regulations for Fair Labor Standards Act must still be met (i.e. charges must be supported by records indicating the total number of hours worked each day).
Noncompliance
200.430(i)(8)

- For a non-Federal entity where the records do not meet these standards:
  - USDE may require personnel activity reports (PARs), including prescribed certifications or equivalent documentation that support the records as required in this section.
  - PARs are not defined!!
Reconciliation
200.430(i)(1)(viii)(C)

- All necessary adjustment must be made such that the final amount charged to the Federal award is accurate, allowable, and properly allocated.
AEFFA/BruMan Time and Effort Letter to USDE

Proposes Time and Effort Documentation Flexibility

- Annual Certification for staff working on a single cost objective
- Quarterly or Semi-Annual Certification for staff working on multiple cost objectives
- Use of Employee Records to certify time work by employees
  - Example: Job Description clearly identifies cost objectives with recertification only if multiple cost objectives
- Use of Electronic submissions
  - Via Email or System
Audit Requirements
Audit Requirements
200.501

- **NEW**: Threshold increased to $750,000

- The federal agency, OIG, or GAO may arrange for audits in addition to single audit
NEW: The federal awarding agency must use cooperative audit resolution to improve federal program outcomes

Cooperative Audit Resolution: means the use of audit follow-up techniques which promote prompt corrective action by improving communication, fostering collaboration, promoting trust and developing an understanding between the Federal agency and non-Federal entity 200.25.
The auditor must report (for major programs):
- Significant deficiencies and material weaknesses in internal controls
- Significant instances of abuse
- Material noncompliance
- Known questioned costs > $25,000

Auditor will not normally find questioned costs for a program that is not audited as a “major program”
- NEW: But if auditor becomes aware of questioned costs > $25,000 for non-major program, must report
