State Administration

Section 608(a) of the IDEA requires each State that receives funds under this title to:

1. ensure that any State rules, regulations, and policies relating to this title conform to the purposes of this title;
2. identify in writing to local educational agencies located in the State and the Secretary any such rule, regulation, or policy as a State-imposed requirement that is not required by this title and Federal regulations; and
3. minimize the number of rules, regulations, and policies to which the local educational agencies and schools located in the State are subject under this title.

States must attach to this application a list identifying any rule, regulation, or policy that is State-imposed (not required by IDEA or Federal regulations). If there are no such State-imposed rules, regulations, or policies, please so indicate. In addition, the State is required to inform local educational agencies in writing of such State-imposed rules, regulations or policies. (20 U.S.C. 1407(a); 34 CFR § 300.199)

290-8-9-.01 Child Identification.

4 Intervention Strategies in the General Education Class. Before a child is referred for special education evaluation or concurrently during the evaluation process, intervention strategies must be implemented in the general education program and monitored by the Problem Solving Team (PST) for an appropriate period of time (a minimum of eight weeks), and be determined unsuccessful. This rule may be waived for a child who has severe problems that require immediate attention, for three- and four-year olds, for five-year olds who have not been in kindergarten, for children with articulation, voice, or fluency problems only, for children with a medical diagnosis of traumatic brain injury, and for a child who has been referred by his or her parents.

290-8-9-.02 Evaluations.

1 Evaluation Requirements.

f) When conducting a review as part of an initial evaluation or reevaluation, the IEP Team must conduct its review through a meeting. The parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

u) Interview versions of test instruments that require parental input must be completed by school personnel in conjunction with parents. Interviews may be completed by telephone, home visit, or other mutually agreed upon arrangements if allowed by the test publishers.

3 Individual Intellectual Evaluations.

b) The person conducting the individual intellectual evaluation must develop a comprehensive written report.
290-8-9-.04 Eligibility and Consent for Services.
(1) Procedures for Determining Eligibility.
   (f) Use standard scores when determining eligibility for special education.

290-8-9-.05 Individualized Education Program (IEP).
(4) IEP Team Attendance.
   (b) A member of the IEP Team, as listed in (3)(b) through (e) above, may be
excused from attending an IEP Team meeting, in whole or in part, when the meeting
involves a modification to or discussion of the member’s area of the curriculum or
related services, if the parent, in writing, and the public agency consent to the
excusals; and the member submits, in writing to the parent and the IEP Team, input
into the development of the IEP prior to obtaining consent from the parent for the
excusal of the required IEP Team member
(6) IEP Content.
   (o) Academic goals must be written to general education content standards; or Alabama Extended Standards for students with significant
cognitive disabilities who are being assessed with the Alabama Alternate
Assessment; or Developmental Standards for preschool children with
disabilities. Transition goals must be written to Alabama’s Transition

(11) IEP Review and Revision.
   3. If the parents or the child’s teacher has reason to suspect that the IEP
needs revision, an IEP meeting may be requested at any time. The education agency
must conduct the IEP meeting within 30 calendar days upon the receipt of the
request.
   6. In making changes to a child’s IEP after the annual IEP Team meeting for
a school year, the parent of a child with a disability and the public agency may agree
not to convene an IEP Team meeting for the purposes of making those changes, and
instead may develop a written document to amend or modify the child's current IEP.
Changes to the IEP may be made either by the entire IEP Team at an IEP Team
meeting, or by amending the IEP rather than by redrafting the entire IEP. If changes
are made to the child’s IEP without a meeting of the IEP Team, the public agency
must obtain a parent’s written agreement to such changes and must ensure that the
child’s IEP Team is informed of those changes. The parent shall be provided with
a revised copy of the IEP with the amendments incorporated.

have been referred for, or are currently receiving career/technical education. Children with disabilities must receive a career/technical assessment prior to
or as a part of the career/technical placement process as prescribed by the
Alabama Career/Technical Education Standards for Quality Programs in

(3) Nonacademic/Extracurricular Services.
   (b) The IEP Team will identify the child’s courses including supplementary aids and services. Children with disabilities, through his or her IEP, must be provided equal access for participation in nonacademic and extracurricular activities in accordance with Academics First.

   (a) 2(iii) The public agency must submit a written resolution statement, plan of action, or statement of position that addresses the complaint allegations to the State Superintendent of Education, Attention: Special Education Services.
   13.(c)1. Impartial Due Process Hearing Procedures.
      1.(i) The parent, the attorney or a designated person representing the parent, or an official from the public agency may request an impartial due process hearing by sending a signed written request to the State Superintendent of Education, Attention: Special Education Services, Post Office Box 302101, Montgomery, Alabama 36130-2101. A copy of the written request for a due process hearing must also be sent to the other party and must remain confidential. The timelines referred to in this section begin when the Department of Education receives the written request. The Department of Education must forward a copy of the due process hearing request to the other party involved in the hearing.

13. All claims that are or that should be known to the party filing the request for due process hearing at the time the initial due process hearing request is filed should be asserted in the same hearing request.

290-8-9-.10 Administration.
   (2) Forms. In the implementation of these rules, education agencies must utilize all forms required by the State Department of Education. Forms are required to be completed and entered into the selected Student Information System (SIS).

290-8-9-.11 Case Manager for Children with Disabilities.
   (1) Case Manager. A special education teacher will be assigned as a case manager for a maximum number of student records to ensure the implementation of special education and related services for these students. The number of records to manage does not represent the number of students that a teacher will serve. Those numbers will be determined by the LEA by taking into consideration a number of factors including severity of the needs of the students, location of the services (e.g. general education classroom, resource room), the number of campuses a teacher serves, and whether all
IEPs can be implemented as written. This rule does not apply to teachers providing special education services to students with disabilities in correctional facilities.

(2) Number of Student Records for Case Managers. The maximum number of records per teacher is 20; for a speech/language pathologist, the maximum number of records is 30.

(3) State Monitoring of Case Manager Rule. To monitor for compliance with the rules (1) and (2) above, the Department of Education will review the total number of students with disabilities and total number of teachers rather than by individual teacher or school.
Section V

A. Maintenance of State Financial Support

Pursuant to the authority established in IDEA section 618(a)(3), each applicant for funds under section 611 must provide the following State fiscal data with a certification of its accuracy by the State budget office or an authorized representative thereof. Amounts should be shown in whole dollars and are for the State fiscal year (SFY). States may meet the maintenance of State financial support (MFS) requirement in IDEA section 612(a)(18) and 34 CFR § 300.163 on either a total or per capita basis. In order to complete Section V.A of the Application, States must provide in whole dollars the total amount of State financial support made available for special education and related services for children with disabilities during SFYs 2019 and 2020. However, if a State met the MFS requirement on a per capita basis, it must complete the first chart and then may also complete the second chart by providing, in whole dollars, the amount of State financial support made available for special education and related services per child with a disability during SFYs 2019 and 2020.

B. Significant Disproportionality

In accordance with 34 CFR § 300.647(b)(7), each State must report all risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress if the State uses the “reasonable progress” flexibility in 34 CFR § 300.647(d)(2), and the rationales for each, to the Department. Under § 300.647(b)(7), rationales for minimum cell sizes that exceed 10 and minimum n-sizes that exceed 30 must include a detailed explanation of why the numbers chosen are reasonable and how they ensure that the State is appropriately analyzing and identifying LEAs with significant disproportionality based on race and ethnicity, in the identification, placement, or discipline of children with disabilities. Additionally, pursuant to the authority established in IDEA section 618(a)(3), each applicant must also provide the number of years of data it uses in making annual determinations of significant disproportionality. Each applicant must provide this information by completing and submitting the Significant Disproportionality Reporting Form.

All States completed and submitted the Significant Disproportionality Reporting Form with their FFY 2020 IDEA Part B application. After the initial submission of the Form, a State will only be required to submit the Form with any future annual IDEA Part B State applications if the State modifies its risk ratio thresholds, minimum cell sizes, minimum n-sizes, standards for measuring reasonable progress, and rationales for each, or the number of years of data used in making annual determinations of significant disproportionality.

If your State has revised its Significant Disproportionality procedures or has any questions regarding Section V. B. of the grant application, please contact your OSEP State Lead before the Application due date.

2 This collection is not intended to replace or duplicate the information collected through the Significant Disproportionality State Survey (Docket No. ED–2019–ICCD–0065; 1820-NEW). That survey will collect information that the Department will use to support States and LEAs in their efforts to comply with the statutory requirement at section 618(d) of the IDEA.
