## **Focused Monitoring Report**

 $\boxtimes$ 

**Education Agency: Madison City Special Education Coordinator:** Ms. Maria Kilgore **Focused Monitoring Date:** October 25-28, 2010 **Date Mailed to Coordinator: December 20, 2010 Date of Verification Call From Coordinator: Date Documentation Due:** 30 Day Date of Review of New Data: 60 Day **Date Documentation Due:** 6 Month Ms. Wanda Lovelady **Special Education Services Team Leader: Special Education Services Data Analyst:** Ms. Cynthia C. Lester

The Focused Monitoring Process is a blend of compliance monitoring and improving outcomes for students. For on-site visits, this report is based on findings from the **System Profile Information**, **Special Education Coordinator's Questionnaire**, **Student File Review**, **Student Services Review**, and any other information obtained during the on-site visit. For on-line file reviews, this report is based on the findings from the individual **Student File Reviews**.

During the Focused Monitoring Process, a designated number of student files were reviewed to verify compliance with state and federal requirements. Also, during the on-site process, a small number of students were selected to determine student status and related system performance results. Each SSR provides information to determine if there is a match between the individual student needs and the services being provided to the student by the agency.

The purpose of this report is to provide feedback to the agency in identifying findings of noncompliance that must be corrected as soon as possible, and in no case later than one year from identification of noncompliance. The report also identifies the corrective action that must be taken by the agency as well as the documentation that must be submitted to the SDE. In addition, the report informs the agency of the steps the SDE will take in order to ensure 100% correction of noncompliance with the statutory requirement(s).

The LEA received an on-line review of student records.

The LEA received an on-site focused monitoring visit.

Madison City Focused Monitoring Report Page 2 of 9

The Focused Monitoring Report will include the following:

- Findings of Noncompliance Area(s) of Needed Improvement
- Corrective Action Required (addresses what <u>must</u> be done) Immediate Correction Strategies Improvement Strategies

Documentation of Corrective Action (addresses documentation of what must be done)
 Immediate Correction Strategies (documentation that findings of noncompliance in individual records have been corrected)
 Improvement Strategies (documentation of training, technical assistance provided, any changes in current practices and procedures, review of updated data)

## Steps to be taken by the SDE to ensure compliance with the Statutory Requirements

- 1. Sixty calendar days from the verification call to confirm receipt of this Focused Monitoring Report, a random sample of updated data will be pulled and reviewed. The education agency must show 100% correction of noncompliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and Step 2 will be taken.
- 2. Twenty calendar days from the last review of new/updated data, a random sample of new/updated data will be pulled and reviewed. The education agency must show 100% correction of noncompliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and Step 3 will be taken.
- 3. Ten calendar days from the last review of new/updated data, a random sample of new/updated data will be pulled and reviewed. The education agency must show 100% correction of noncompliance before SES is allowed to clear/close out the focused monitoring process. If the same findings are identified during the review of updated data, the education agency will not show 100% correction of noncompliance and the SDE will determine what, if any, enforcement procedures will be considered.

**Enforcement Procedures:** 

- 1. The Special Education Coordinator will receive a call from the State Director of Special Education.
- 2. A letter will be written to the Superintendent outlining the seriousness of correction of noncompliance.
- 3. A Compliance agreement will be implemented.
- 4. The Superintendent will be directed to come to the SDE and meet with the Deputy Superintendent of Education, State Director of Special Education, Data Analyst, and Team Leader.
- 5. Withholding of funds procedures may be implemented.
