• The ALSDE contact for the ATM is Dr. Patience Oranika. Dr. Oranika may be reached via email at poranika@alsde.edu or by phone at 334-694-4714.
ATM FUND ALLOCATION

• Funds equivalent to $1,000 per first-year teacher named on the list submitted to the ALSDE will be distributed to LEAs.

• The list should be received by 4 p.m. on October 5, 2018.
• The ALSDE will disburse ATM funds to the LEAs at the end of each semester.

• Payment of the stipend by the LEA to individual mentors shall be made in two installments of $500 less the required employer and employee matching for applicable fringe benefits.

• Payment of the stipend to a contracted retired or former teacher designated as mentor shall be made in two installments of $500 per assigned mentee.
ATM FUND ALLOCATION CONT.

• Each mentor currently employed as a classroom teacher shall continue his/her normal teaching responsibility in addition to providing mentoring assistance to one new teacher.

• A retired teacher may mentor no more than five new teachers and shall receive a stipend for the number of mentees assigned.

• A CTE teacher selected as a mentor may mentor a maximum of two first-year CTE teachers and shall receive a stipend for the number of teachers assigned.
NEW TEACHER MENTORING AND THE ALABAMA EVERY STUDENT SUCCEEDS ACT (ESSA) PLAN

• The purpose of the ATM program is to identify and provide support for new teachers in all schools, especially those in hard to staff schools, and to reduce turnover.

• Continue to develop and fully implement the ATM Program with the goal of providing high-quality support to all teachers during the first year in the profession.
ALABAMA TEACHER MENTORING MISSION

• To help support beginning teachers as they develop the skills and confidence to become quality teachers.
• More importantly, to provide a “helping hand” so that beginning teachers develop into effective teachers — as soon as possible.
PURPOSE OF ALABAMA TEACHER MENTORING

Provide every beginning teacher in Alabama with a well-trained, effective mentor who will:

• Help induct the beginning teacher into the culture of the school and the system.

• Deliver ongoing coaching and support to beginning teachers in the areas of
  ○ Classroom instruction, curriculum, management, and assessment so as to maximize the learning and achievement of all students.
  ○ Personal, social and emotional support to new teachers as they transition into the complexities of the teaching profession.
TEACHER INDUCTION/ATM PROGRAM

• Teacher induction is a formal, systematic program designed to transition novice teachers into the teaching profession by providing continuous one-on-one and group support and education.

• A formal induction program can be a powerful tool in minimizing the loneliness and trauma associated with a “sink or swim” experience for first-year teachers as they transition from college to the teaching profession.

ALABAMA CODE OF ETHICS
• The purpose of the Mentor Code of Ethics is to clarify responsibilities and standards of accountability. While acknowledging every mentor/mentee relationship will be different, the Code should clarify the boundaries of appropriate behaviors and clarify the proper role and function of the mentor.
CODE OF ETHICS: RESPECT

• The mentor will respect the mentee’s integrity and individuality.
• The mentor will provide services in a nondiscriminatory manner.
• The mentor will show sensitive regard for the mentee’s moral, social, and religious standards and avoid imposing his/her beliefs.
• In the relationship, the mentee retains full freedom of choice and decision in his/her own classroom.
• The mentor’s main concern is the mentee’s integrity and welfare.
CODE OF ETHICS: CONFIDENTIALITY

• The mentor will respect the rules of confidentiality with respect to the mentor/mentee relationship.

• The mentor shall disclose confidential information about the mentee only when compelling professional purpose is served or when required by law to prevent a clear and immediate danger to someone.

• Compelling professional purpose can be defined as anything that severely threatens a child’s emotional well being and/or academic performance.
The mentor should respect the mentee’s privacy and confidentiality in disclosing information about the mentee to colleagues and superiors.

The mentor should take precautions to ensure that records, reports, and correspondence relating to the mentee are secure from public inspection and not shared inappropriately.
CODE OF ETHICS: POWER/GAIN & COMPETENCE

• The mentor shall not use the relationship with his/her mentee to private advantage.
• The mentor shall participate in continuing education to keep informed of current best practices in mentoring and teaching.
CODE OF ETHICS: RELATIONSHIP

• The mentor will establish and maintain appropriate professional relationship boundaries.

• The mentor will avoid a dual relationship (e.g., business or intimate) with the mentee that could impair professional judgment, compromise the integrity of the induction program, and/or use the relationship for personal gain.

• The mentor should always be mindful of the importance of serving as a role model and act as an advocate for teaching.
• The mentor should not abandon or neglect the mentee. If the mentor is unable or unwilling to serve as mentor, every reasonable effort should be made to select another mentor and facilitate a smooth transition to the new mentor.
CODE OF ETHICS: CONFLICT OF INTEREST

• The mentor should avoid having an evaluative relationship with the mentee. Serving in an evaluative capacity could compromise the primary relationship.

• The Alabama Educator Code of Ethics may be accessed at the following link: http://www.alsde.edu/sec/ee/Documents/Alabama_Educator_Code_of_Ethics.pdf
