AGENDA

• Overview: Alabama Teacher Mentor Program (ATMP)
• 2020-2021 Updates
The Alabama Teacher Mentor Program (ATMP) shall be fully implemented and funded during the 2020-2021 school year.

Each Local Education Agency (LEA) is encouraged to select a district mentor liaison through whom communication between ALSDE can be sent back and forth. The ATMP District Liaison is responsible for making sure that key district staff get the information necessary for them to do their job. For example, the District Liaison should share the list of mentors with the CSFO, CTE Director, as well as disseminate survey links to mentors, mentees and principals.

The ALSDE contact for the ATMP is Dr. Patience Oranika. Dr. Oranika may be reached via email at poranika@alsde.edu or by phone at 334-694-4714.
A formal induction program can be a powerful tool in minimizing the loneliness and trauma associated with a “sink or swim” experience for novice teachers as they transition from college to the teaching profession.

Every beginning teacher in Alabama deserves to be supported by a well-trained, resourced, effective mentor teacher.

Novice teachers in all schools, especially those in hard-to-staff rural schools, and hard-to-staff areas will be supported to quickly transition into effective educators as soon as possible.

Providing ongoing support to novice teachers will reduce the turnover rate which exacerbate teacher shortage issues.
THE LEAKY BUCKET

- Incomplete Preparation
- Lack of Support
- Lack of understanding state standards
- Feelings of Isolation
- Teachers Leaving Profession
- Teachers Quitting
WHAT MENTORING LOOKS LIKE

A mentor provides a “helping hand” to induct the beginning teacher into the culture of the school and the system.
