MEMORANDUM

TO: City and County Superintendents of Education

FROM: Eric G. Mackey  
State Superintendent of Education

RE: The Alabama Continuous Improvement Plans (ACIP) and AdvancED eProve Platform

Beginning in the 2019-2020 school year, schools will transition from AdvancED’s ASSIST platform to the eProve Platform to complete their ACIPs.

The eProve Platform is a 21st century web-based management system specifically designed to support institutions as they engage in all aspects of their improvement journey. The eProve streamlines AdvancED certified content and ALSDE content to empower institutions to create and administer custom surveys, tailor report outputs, conduct observations of student engagement, create continuous improvement plans, and more.

As schools begin to plan and implement their 2019-2020 ACIPs, it is important to note Title I and Non-Title I school requirements.

Title I schools will utilize eProve surveys to collect survey data, as well as eProve Diagnostics to complete either the Schoolwide or Targeted Assistance Title I Diagnostics. Additionally, Title I schools will use eProve strategies to complete the goals and plans that make up their ACIP.

Non-Title schools will also utilize eProve surveys to collect survey perception data, and eProve strategies to complete the goals and plans within their continuous improvement plan. Non-Title schools should not complete the Schoolwide or Targeted Assistance Title I Diagnostics.

The following link will direct schools and district personnel who work with the ACIP to resources that will assist in planning and implementation of the ACIP: https://padlet.com/andrel_harrison1970/StrategicThinkingResourcesAlabamaSchools.

If you have any questions specific to the eProve Platform, please contact Dr. Andre’ Harrison at aharrison@advane-ed.org. For user technical assistance, contact Mrs. Jean Scott by telephone at 334-694-4712 or by email at jscott@alsde.edu. For Title I ACIP-related questions, contact Dr. Milanda Dean or Ms. Jina Rudolph, by telephone at 334-694-4516 or by email at mdean@alsde.edu or jina.rudolph@alsde.edu.

Thank you for all your hard work and continued support.
