Emergency Preparedness 1 ½ hours
- Key Area: 3 (Administration)
- USDA Professional Standards Code: 3240, 3450
This training will describe the role of the SNP in emergency preparedness. Participants will also learn about some resources that they can use to determine how to respond to an emergency.

Food Production and Operation Management 2 hours
- Key Area: 2 (Operations)
- USDA Professional Standards Code: 2000
Directors are challenged with leading their teams to prepare more foods onsite and to move away from serving prepared items. Food quality is ultimately in the hands of the site-based manager and staff.

- Directors will be emailed and provided with a link for managers to register.
- Morning and afternoon sessions will be offered in May and June.
