Failure by the Governing Board to satisfy all of the Pre-Opening Conditions, or any one of them, is a substantial and material breach of this Contract and shall be grounds for the immediate initiation of disciplinary proceedings, up to and including revocation proceedings. Section 3.1 Executive Summary

Woodland Preparatory ("Woodland Prep") will be a comprehensive (PreK-12) college preparatory public charter school with a strong emphasis placed on STREAMS (Science, Technology, Reading, Engineering, Art, Mathematics, and Social-Emotional Learning) education. The school will be established by Washington County Students First, a non-profit foundation, and will begin its operation in the Fall of 2020.

The Board of Directors of Washington County Students First foundation are well respected community and civic leaders. The Board combines deep professional expertise with personal understanding of the challenges and possibilities of creating an outstanding school. The Board consists of highly qualified, degreed and experienced educators and community stakeholders who support the school’s mission and embrace a shared vision for Woodland Prep. The Board also consists successful thought leaders who have a longstanding reputation as advocates for children and learning.

Woodland Prep will enroll 264 students in K to 8th grades during its first year of operation. The school will not only increase grade levels but also enrollment numbers in each succeeding years until it reaches the full capacity. We believe that steady increase in enrollment number can support stable financial growth and build a healthy graduating cohort. Additionally, Woodland Prep will support and facilitate the academic growth desperately needed to transform educational success in Washington County.

The key instructional approach for Woodland Prep will be grounded in the utilization of a student-centered education. One of our primary core values "Students First" defines set of research-based principles to ensure all students develop high-level knowledge, skills, and plans needed for success in college, careers, and life. The four fundamental principles of student-centered learning include:
1. Learning is personalized,
2. Learning is competency-based,
3. Learning takes place anytime, anywhere, and
4. Ownership of their learning

Woodland Prep believes that providing ample opportunities for active, engaging, student-centered learning opportunities, within a developmentally appropriate educational program will prepare students to be lifelong learners. Specifically, a strong basis in literacy and math is one of the ways we will invest in our students’ future academic success.

We will provide student-centered learning experiences by organizing students into small learning communities. In these learning communities, students engage with a team of core content teachers and learning coaches. This team works together to ensure that students realize short and long-term goals, thus fulfilling their academic plan. The Instructional model will provide opportunities for students to master core academic content aligned with Alabama State Standards, think critically and solve complex problems, work collaboratively, communicate effectively and learn how to learn.

Woodland Prep will provide a safe and interactive learning environment where students feel they belong, are encouraged to participate and be stakeholders in their future, and are a catalyst for rekindling agrarian spirit attributes of self-sufficiency and independence that will bring real opportunities to our Washington County community.
Section 3.2 Mission and Vision

Mission
Woodland Prep’s mission is to equip our students with 21st century skills by providing a safe and collaborative environment which will cultivate their individual academic and social development.

The founding members of Washington County Students First foundation believe that a safe, collaborative, and orderly school environment will promote high expectations for all students while focusing on individualized instruction to meet each student’s needs.

Our goal is to prioritize the education of our children in our rural county in a manner to groom successful leaders of tomorrow. We will be accountable for ensuring a rich, comprehensive educational environment where academic excellence and high expectation is the standard. We will provide exemplary staff, a supportive and involved community, celebration of diversity, optimal utilization of resources and an uncompromising willingness to see our children thrive and succeed.

Vision
Our Vision is to enable students to succeed in school and in the workplace, to provide an option for students to enter careers with 21st century skills. We believe that this will lead students to becoming productive and responsible citizens.

Washington County Community and Anticipated Target Student Population
Washington County and its public schools have experienced an overall depopulation over the last decade. Like many rural Alabama counties, Washington County is experiencing rural flight; a steady decline of population due to emigration to cities—since 2000. Factors contributing to this phenomenon include depressed economic opportunity and poor educational options within the county and the ongoing urbanization of the United States.

The racial makeup of the Washington County public schools is 71.1% White, 20.3% African American, 7.7% Native American, 0.06% Asian, 0.03% Pacific Islander, 0.05% from other races and less than 1% of the is Hispanic or Latino. Approximately, 54% of students at Washington County schools participate in National School Lunch Program. The proposed school will be located within the vicinity of Chatom, Alabama. Town of Chatom is centrally located in the Washington County. Thus, we anticipate to have a similar student population in terms of ethnic and socio-economic percentages.
ARTICLE IV: GOVERNANCE

Section 4.1 Governance
The School shall be governed by its Governing Board in a manner that is consistent with the terms of this Contract so long as such provisions are in accordance with state, federal, and local law. The Governing Board shall have final authority and responsibility for the academic, financial, and organizational performance of the School, the fulfillment of the contract, and approval of the School’s budgets.

The Governing Board shall be responsible for policy and operational decisions of the School, and, consistent with the terms of this Contract, shall be the employer of school employees. Nothing herein shall prevent the Governing Board from delegating decision-making authority for policy and operational decisions to officers, employees, and agents of the School. However, such delegation will not relieve the Governing Board of its obligations under the law or this Contract, should the School fail to satisfy those obligations.

The Governing Board shall govern the School in a manner that ensures that it will satisfy its legal obligations, including, but not limited to: compliance with all applicable Laws, the Contract, the performance framework and fidelity to the program and policies described and submitted in the Application. An employee, agent, or representative of an authorizer may not simultaneously serve as an employee, agent, representative, vendor, or contractor of a public charter school of that authorizer. Ala. Code §16-6F-6.

In no event shall the Governing Board be composed of voting members a majority of which are directors, officers, employees, agents, or otherwise affiliated with any single entity (with the exception of the School itself or of another charter school) regardless of whether the entity is affiliated or is otherwise partnered with the School. But, this prohibition does not apply to entities whose sole purpose is to provide support to the specific School in question or any of its programs (parent-teacher groups, booster clubs, etc.).

Conflicts of interest may arise at any point during decisions pertaining to business. Conflicts can happen throughout the time employees and officials carry out their roles and responsibilities. Therefore, it is important to the integrity of the Governing Board that staff are aware of the potential for conflicts. Employees and contractors must also be aware of their responsibilities if conflicts are detected, including obligations to report the conflict.

Section 4.8 Open Meetings
Starting from the date that this Contract is fully executed, the Governing Board shall be subject to and comply with the Alabama Open Meetings Act and public records laws.

All members of the Governing Board and all employees, teachers, and other instructional staff of the School shall be subject to the Alabama Ethics Laws.

In the event of closure of the School for any reason, the Commission shall oversee and work with the closing school to ensure a smooth and orderly closure and transition for students and parents, as guided by the closure protocol. The assets of the School shall be distributed first to satisfy outstanding payroll obligations for employees of the School, then to creditors of the School, and then to the State Treasury to the credit of the Education Trust Fund. If the assets of the School are insufficient to pay all parties to whom the School owes compensation, the prioritization of the distribution of assets may be determined by decree of a court of law.

Section 5.10 Transportation
The School may enter into a contract with a school system or private provider to provide transportation to the School’s students. The School shall be responsible for providing students transportation consistent with the plan proposed in the approved application, Attachment 12: Public Charter School Application, pages 14 (Non-Academic Challenges) and Attachment-24 (Transportation, Food and Auxiliary Services) or as otherwise provided in a specific transportation plan attached to and make a part of this Agreement as Exhibit.

Section 5.11 Staff Qualifications
The School shall comply with applicable federal laws, rules, and regulations regarding the qualification of teachers and other instructional staff.

However, all capital assets purchased from public funds of the School shall become property of the School unless the Commission specifically approves an agreement or contract not subject to this provision.

If the School chooses to purchase services from a local school system, such as transportation-related or lunchroom-related services, the School shall execute an annual service contract with the local school system, separate from the charter contract, stating the mutual agreement of the parties concerning any service fees to be charged to the School.
If the School intends to contract with an education service provider for substantial education services, management services, or both types of services, the School shall provide to the Commission all of the following at least 90 days before the effective date of the proposed contract:

b. A draft agreement setting forth the proposed duration of the service contract; roles and responsibilities of the Governing Board, the School staff, and the education service provider; scope of services and resources to be provided by the education service provider; performance evaluation measures and timelines; compensation structure, including clear identification of all fees to be paid to the education service provider; methods of contract oversight and enforcement; investment disclosure; and conditions for renewal and termination of the contract.

c. Disclosure and explanation of any existing or potential conflicts of interest between the School or the Governing Board and the education service provider or any affiliated business entities.

a. The terms of the transaction do not violate the Schools’ Code of Ethics and Conflict of Interest Policy or the terms of this Contract.

c. The involved individual recuses him or herself from all Governing Board discussions and does not vote on or decide any matters related to such transaction.

d. The Governing Board discloses any conflicts and operates in accordance with a conflict of interest policy that has been approved by the Commission.

The School shall provide services and accommodations to students with disabilities as set forth in the Application and in accordance with any relevant policies thereafter adopted, as well as with all applicable provisions of the Individuals with Disabilities Education Act (20 U.S.C. § 1401 et seq.), the Americans with Disabilities Act (42 U.S.C. § 12101 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. § 794), and all applicable regulations promulgated pursuant to such federal laws. This includes providing services to attending students with disabilities in accordance with the individualized education program (“IEP”) recommended by a student’s IEP team. The School shall also comply with all applicable federal and state laws, rules, policies, procedures, and directives regarding the education of students with disabilities.
ARTICLE IX: FINANCIAL ACCOUNTABILITY

Section 9.1 Legal and Accounting Compliance
The School will report financial accounting information (including, but not limited to, payroll, budgeting, general fixed assets, etc.) to the State Department of Education in a format that meets the specifications of the Department.

The School shall adhere to generally accepted accounting principles, documents and follow internal control procedures, and annually engage an independent certified public accountant to do an independent audit of the school's finances. The School shall file a copy of each audit report and accompanying management letter to the Commission and the Department by June 1 following the end of the fiscal year. The audits shall meet the same requirements as those required of local school systems.

The Department may withhold state or federal funds from the School if the School does not provide financial and budget reports, disclosures, certifications, and forms to the Department in a timely manner or in the format required by the Department or other state or federal agencies. The School will allow the Department and other government agencies to inspect records and monitor compliance with state, federal, and local laws and regulations applicable to the School. The School shall allow representatives of the Commission to inspect records at any time.

The School is subject to Alabama laws for public records including the Alabama Department of Archives and History record retention requirements for local school boards and the rights of citizens to view the public records that are not restricted from disclosure.

The School will utilize the same financial accounting system and procedures as non-charter public schools. The School shall utilize the financial accounting and payroll software programs used by non-charter Alabama public schools. Beginning June 1, 2020, the School will post monthly financial reports and check registers on the School's website within forty-five (45) days of the end of each month. Likewise, the School will post an annual financial report on the School's website within forty-five (45) days of the end of the fiscal year.

Section 9.2 Budget
The Commission may require the School to revise start-up and five-year budgets included in the charter school application, including revisions necessitated by any delay granted by the Commission in the opening date of the School. The School will provide an updated budget to the Commission no later than 7 days after the Commission requests such a budget. The School will also provide, upon request of the Commission, a certified financial statement no later than 30 days after such a request.

Section 9.3 Annual Budget Statement
The Governing Board of the School shall submit its annual budget to the Authorizer for review and shall adopt an annual budget each fiscal year. The Governing Board of the School shall adopt an annual budget statement that describes the major objectives of the educational program and manner in which the budget proposes to fulfill such objectives.

Section 9.4 School Funds
The funds of the School shall be maintained in a qualified public depository subject to the requirements of the Security for Alabama Funds Enhancement Act (SAFE).
ARTICLE X: SCHOOL FACILITIES

Section 10.1 Accessibility
The School’s facilities shall conform to the Americans with Disabilities Act and other applicable laws and requirements for public school facilities.

Section 10.2 Health and Safety
The School facilities shall meet all laws governing health, safety, and occupancy and fire code requirements and shall be of sufficient size to safely house the anticipated enrollment.

Section 10.3 School Location
The School shall provide evidence that it has secured a location that is acceptable to the Commission by July 25, 2019. The School may move its location(s) only after obtaining written approval from the Commission, subject to such terms and conditions as may be specified. Any change in the location of the School shall be consistent with the Application and acceptable to the Commission. Attachment 7: Physical Plant contains the address and description of the approved facility.

Section 10.4 Inspections
The Commission (or the Commission’s designee) shall have access at all reasonable times and frequency to any facility owned, leased or utilized in any way by the School for purposes of inspection and review of the School’s operation and to monitor the School’s compliance with the terms of this Contract and all applicable laws. These inspections may be announced or unannounced as deemed appropriate by the Commission, or its designee, in the fulfillment of its oversight responsibilities. Failure by the School to allow the aforementioned access, inspection, review, and monitoring is a substantial and material breach of this Contract and shall be grounds for the immediate initiation of disciplinary proceedings, up to and including revocation proceedings.
ARTICLE XI: EMPLOYMENT

Section 11.1 No Employee or Agency Relationship
Neither the School, its employees, agents, nor contractors are employees or agents of the Commission. The Commission or its employees, agents, or contractors are not employees or agents of the School. None of the provisions of this Contract will be construed to create a relationship of agency, representation, joint venture, ownership, or control of employment between the Parties other than that of independent Parties contracting solely for the purpose of effectuating this Contract.

Section 11.2 Retirement Plan/Insurance
The Governing Board of the School has voted to participate in the Teachers' Retirement System and Public Education Employees' Health Insurance Plan. Such election must take place prior to the execution of the charter contract and once made is irrevocable.

Section 11.3 Background Checks
Public charter school employees are subject to the same fingerprint-based criminal history background checks that traditional public school employees are under the Alabama Child Protection Act of 1999, as amended. Generally speaking, a criminal history background information check shall be conducted on all applicants and contractors seeking positions with, and on all current employees of, the School, who have supervised or unsupervised access to children.

Section 11.4 Immigration
The Governing Board and the School shall meet the requirements of the Beason-Hammon Taxpayer and Citizen Protection Act (Act No. 2011-535). The School may not receive state funds before filing the School's E-Verify Memorandum of Understanding with the Department.
ARTICLE XII: INSURANCE AND LEGAL LIABILITIES

Section 12.1 Insurance
The School will maintain adequate insurance necessary for the operation of the School, including, but not limited to, property insurance, general liability insurance, workers' compensation insurance, unemployment compensation insurance, motor vehicle insurance, errors and omissions insurance, and all other insurance intended to cover the Governing Board, School, and its employees. The School will maintain fidelity bonds on all School employees who handle or have access to School or public funds.

Section 12.2 Limitation of Liabilities
In no event will the State of Alabama, or its agencies, officers, employees, or agents, including, but not limited to, the Commission, be responsible or liable for the debts, acts, or omissions of the School, its officers, employees, or agents.

Section 12.3 Faith and/or Credit Contracts with Third Parties
The School shall not have authority to extend the faith and credit of the Commission or the State of Alabama to any third party and agrees that it will not attempt or purport to do so. The School acknowledges and agrees that it has no authority to enter into a contract that would bind the Commission or the State of Alabama and agrees to include a statement to this effect in each contract or purchase order it enters into with third parties.
ARTICLE XIII: OVERSIGHT AND ACCOUNTABILITY

Section 13.1 School Performance Framework
The performance provisions of this contract are based on a performance framework that clearly sets forth the academic and operational performance indicators, measures, and metrics that will guide the Commission’s evaluations of each public charter school. In addition to state and federal accountability standards, the performance framework should include specific provisions, indicators, measures, and metrics for:

- Student academic proficiency, which includes, but is not limited to, performance on state standardized assessments.
- Student academic growth, which includes, but is not limited to, performance on state standardized assessments.
- Achievement gaps in both proficiency and growth between major student subgroups.
- Attendance.
- Recurrent enrollment from year to year.
- Postsecondary readiness for high school.
- Financial performance and sustainability.
- Governing Board performance and stewardship, including compliance with all applicable laws, regulations, and terms of the charter contract.

The performance framework requires the disaggregation of all student performance data by major student subgroups (including gender, race, poverty status, special education status, English learner status, and gifted status).

A set of performance framework was developed and listed on pages 129 – 133 of the charter application. Learning standards are also listed in Attachment-3 of the charter application.

Where the framework has not yet been developed, another approach is to include language along the lines of the following:

A set of performance frameworks (singularly, “Performance Framework,” and collectively, the “Performance Frameworks”), shall be incorporated into the Charter as Exhibit __. The Performance Frameworks shall supersede and replace any and all assessment measures, education goals and objectives, financial operations metrics, and organization performance metrics set forth in the Application and not explicitly incorporated into the Performance Frameworks. The specific terms, form and requirements of the Performance Frameworks, including any required indicators, measures, metrics, and targets, are maintained and disseminated by the Authorizer and will be binding on the School. Material amendments to the Performance Frameworks shall require approval by the Authorizer.

The Commission shall have the authority to collect, analyze, and report all data from state assessments for the School’s students in accordance with the performance framework. The parties acknowledge and agree that the education records of students enrolled in a School are governed by the requirements of the Family Educational Rights and Privacy Act (“FERPA”), 20 U.S.C. §1232g, and its corresponding regulations. The parties will safeguard personally identifiable information from education records in their possession by developing and adhering to data governance procedures that safeguard against unauthorized access or disclosure of such records in accordance with said law.
ARTICLE XIV: COMMISSION’S RIGHTS AND RESPONSIBILITIES

Section 14.1 Oversight and Enforcement
The Commission shall have the authority to manage, supervise, and enforce this Contract. It will oversee the School’s performance under this Contract and hold the School accountable to performance of its legal and contractual obligations, including fulfillment of its Performance Framework. The Commission may take any action necessary to enforce its authority including, but not limited to, requiring the development and implementation of a corrective action plan, sanctions, non-renewal, revocation, or termination of this Contract.

Section 14.2 Right to Review
The Commission is an independent state entity with oversight and regulatory authority over the School that it authorizes. Upon request, the Commission, or its designee, shall have the right to review all records created, established, or maintained by the School in accordance with the provisions of this Contract, Commission policies and regulations, or federal and state laws and regulations. This right shall be in addition to the Commission’s right to require the School to submit data and other information to aid in the Commission’s oversight and monitoring of the School as provided under this Contract and governing law. When the request is for on-site inspection of records, the Commission shall be granted immediate access. If the request is for reproduction of records, then the Commission will include a timeframe in which the records must be provided and the School must adhere to this timeframe.

This information, regardless of the form in which it is disclosed, will be used by the Commission, and its authorized representatives, to satisfy its obligations to audit, evaluate, and conduct compliance and enforcement activities relative to the School. The parties agree to cooperate with each other to ensure that any disclosure of personally identifiable information from education records to the Commission or its authorized representatives for such purposes complies with FERPA.

Section 14.3 Notification of Perceived Problems
Any notification of perceived problems by the Commission about unsatisfactory performance or legal compliance will be provided within reasonable timeframes considering the scope and severity of concern. Every effort will be made to allow the School a reasonable opportunity to respond and remedy the problem unless immediate revocation is warranted.

Section 14.4 Reports by the Commission
The Commission shall submit to the State Board of Education a publicly accessible annual report within 60 days after the end of each fiscal year summarizing all of the items required in the Act. The School must provide any information requested by the Commission to complete required reports.
ARTICLE XV: BREACH OF CONTRACT, TERMINATION, AND DISSOLUTION

Section 15.1 Breach by the School
Violation of any material provision of this contract may, in the discretion of the Commission, be deemed a breach and be grounds for corrective action up to and including revocation or nonrenewal of this Contract. In making this determination, the Commission will consider the underlying facts and circumstances including, but not limited to, the severity of the violation as well as the frequency of violations. Material provisions include, but are not limited to, provisions imposing a requirement to comply with the Commission rules and policies, the Pre-Opening Conditions, and all applicable laws related to the health, safety, and welfare of students.

Section 15.2 Termination by the Commission
This Contract may be terminated after written notice to the School and the charter revoked by the Commission for any of the following reasons:

a. A material and substantial violation of any of the terms, conditions, standards, or procedures set forth in the Contract.

b. Failure to meet generally accepted standards of fiscal management.

c. Failure to provide the Commission with access to information and records.

d. Substantial violation of any provision of applicable law.

e. Failure to meet the goals, objectives, content standards, performance framework, applicable federal requirements, or other terms identified in the Contract.

f. Failure to attain the minimum state proficiency standard for public charter schools in each year of their operation and over the charter term.

g. Bankruptcy, insolvency, or substantial delinquency in payments, of the School.

h. Discovery that the Applicant submitted inaccurate, incomplete, or misleading information in its Application or in response to a Commission request for information or documentation.

i. School’s performance falls in the bottom quartile of schools on the State Board of Education’s accountability index.

Section 15.3 Non-Renewal by the Commission
The Commission may non-renew a public charter school if the Commission determines that the public charter school did any of the following or otherwise failed to comply with the charter school law:

a. Commits a material and substantial violation of any of the terms, conditions, standards, or procedures required under the Act or the Contract.

b. Fails to meet the performance expectations set forth in the Contract.

c. Fails to meet generally accepted standards of fiscal management.

d. Substantially violates any material provision of law from which the School was notexempted.

e. Fails to meet the performance expectations set forth in the Contract, or fails to attain the minimum state proficiency standard for public charter schools (minimum state standard) in each year of its operation and over the charter term, unless the School demonstrates and the Commission affirms,
through formal action of its Governing Board, that other indicators of strength and exceptional circumstances justify the continued operation of the School.

Section 15.4 Termination by the School
Should the School choose to terminate this Contract before the end of the Contract term, it must provide the Commission with notice of the decision immediately after it is made, but no later than ninety days before the closure of the school year. Notice shall be made in writing to the Commission. The School must comply with the Commission’s termination protocol.

Section 15.5 Dissolution
Upon termination of this Contract for any reason by the School, upon expiration of the Contract, or if the School should cease operations or otherwise dissolve, the Commission shall oversee and work with the School to ensure a smooth and orderly closure and transition for students and parents, as guided by the Commission’s closure protocol; provided, however, that in doing so the Commission will not be responsible for and will not assume any liability incurred by the School under this Contract. The Governing Board and School personnel shall cooperate fully with the winding up of the affairs of the School. The School’s obligations for following a termination protocol and winding up of the affairs of the School shall survive the term of this contract.

Section 15.6 Disposition of Assets upon Termination or Dissolution
The assets of the School shall be distributed first to satisfy outstanding payroll obligations for employees of the School, then to creditors of the School, and then to the State Treasury to the credit of the Education Trust Fund. If the assets of the School are insufficient to pay all parties to whom the School owes compensation, the prioritization of the distribution of the assets may be determined by decree of a court of law.
ARTICLE XVI: MISCELLANEOUS PROVISIONS

Section 16.1 Records Retention
School records shall be maintained in accordance with all applicable state and federal document and record retention requirements. If any litigation, claim, or audit is started before the expiration of an applicable document retention period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

Section 16.2 Confidential Information
The parties acknowledge and agree that the education records of students enrolled in a School are governed by the requirements of the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. §1232g, and its corresponding regulations. The parties will safeguard personally identifiable information from education records in their possession by developing and adhering to a Data Governance Policy that safeguards against unauthorized access or disclosure of such records in accordance with said law and applicable Department policies.
ARTICLE XVII: NOTICE

Section 17.1 Notice
Any change in address shall be immediately given to the other party in writing. Any notice that is undeliverable due to change of address without proper notification to the other party will be deemed received on the date delivery to the last known address was attempted.

If a notice is received on a weekend or on a national or Alabama state holiday, it shall be deemed received on the next regularly scheduled business day.

IN WITNESS WHEREOF, the Parties have executed this Contract to be effective July 25, 2019. APPROVED BY A QUORUM OF THE COMMISSION ON June 7, 2019:

| Education Program Term #1: | Continuous Improvement: The continuous improvement (also known as Deming Cycle) is a problem solving process that embodies ongoing efforts to improve outcomes. In this approach, change occurs both quickly and incrementally, as organizations learn from experience while testing and refining strategies to produce better results. It is unanimously agreed that improving the K-12 education system is a priority, especially in the low income-earning urban areas. Continuous improvement is a new and promising approach that is being used in public education in many states. |
| Education Program Term #2: | Project-Based Learning: The project-based learning will be utilized to help us engage students in active learning processes and enable teachers to observe and assess areas of students’ strengths and struggles. Project-based is proven to facilitate deeper conceptual understanding of academic content through hands-on activities. |
### Education Program Term #3:

Social Emotional Learning: The SEL is a systematic, evidence-based approach to teach students how to achieve goals, understand and manage emotions, build empathy, forge relationships, and make responsible decisions. Students need a supportive and socially nurturing educational environment that promotes high levels of engagement through active learning experiences. The proposed school program will promote high levels of literacy and academic achievement through a multifaceted view of students' educational requirements. We believe that, in addition to a rigorous educational program, the foundation for students' future success depends on their developmental, social and emotional growth in a positive learning environment. Research conducted on the social-cognitive theory of learning demonstrates that a student's self-efficacy influences his or her academic achievement.

**Note:** The Education Terms are different from school-specific measures that you may develop as a part of your Academic Performance Framework because they focus on process rather than student outcomes. In other words, the school-specific academic performance measures focus on what students will achieve. By contrast, the Education Terms should capture the essentials of what students will experience.
Attachment 5: Conflict of Interest Policy

See Exhibit-03: Conflict of Interest Policy for WCSF
Attachment 6: Education Service Provider (ESP) Contract Guidelines

1. The maximum term of an ESP agreement must not exceed the term of the Contract. After the second year that the ESP agreement has been in effect, the school must have the option of terminating the contract without cause or a financial penalty.

2. ESP agreements must be negotiated at ‘arms-length.’ The Contract School’s Governing Board and ESP must have independent legal counsel to represent their interests in reaching a mutually acceptable management agreement.

3. No provision of the ESP agreement shall interfere with the Contract School Governing Board’s duty to exercise its statutory, contractual, and fiduciary responsibilities governing the operation of the Contract School. No provision of the ESP agreement shall prohibit the Contract School Governing Board from acting as an independent, self-governing public body, or allow decisions to be made other than in compliance with the Alabama laws.

4. An ESP agreement shall not require a Contract School Governing Board to waive its governmental immunity.

5. No provision of an ESP agreement shall alter the Contract School Governing Board’s treasurer’s legal obligation to direct that the deposit of all funds received by the Contract School be placed in the Contract School’s account.

6. ESP agreements must contain at least one of the following methods for paying fees or expenses: (1) the Contract School Governing Board may pay or reimburse the ESP for approved fees or expenses upon properly presented documentation and approval by the Contract Governing Board; or (2) the Contract Governing Board may advance funds to the ESP for the fees or expenses associated with the Contract School’s operation provided that documentation for the fees and expenses are provided for Contract School Governing Board ratification.

7. ESP agreements shall provide that the financial, educational, and student records pertaining to the Contract School are Contract School property and that such records are subject to the provisions of the Alabama Open Records Act. All Contract School records shall be physically or electronically available, upon request, at the Contract School’s physical facilities. Except as permitted under the Contract and applicable law, no ESP agreement shall restrict the Commission’s access to the Contract School’s records.

8. ESP agreements must contain a provision that all finance and other records of the ESP related to the Contract School will be made available to the Contract School’s independent auditor.

9. The ESP agreement must not permit the ESP to select and retain the independent auditor for the Contract School.

10. If an ESP purchases equipment, materials, and supplies on behalf of or as the agent of the Contract School, the ESP agreement shall provide that such equipment, materials, and supplies shall be and remain the property of the Contract School.
11. ESP agreements shall contain a provision that if the ESP procures equipment, materials, and supplies at the request of or on behalf of the Contract School, the ESP shall not include any added fees or charges with the cost of equipment, materials, and supplies purchased from third parties.

12. ESP agreements must contain a provision that clearly allocates the respective proprietary rights of the Contract School Governing Board and the ESP to curriculum or educational materials. At a minimum, ESP agreements shall provide that the Contract School owns all proprietary rights to curriculum or educational materials that (i) are both directly developed and paid for by the Contract School; or (ii) were developed by the ESP at the direction of the Contract School Governing Board with Contract School funds dedicated for the specific purpose of developing such curriculum or materials. ESP agreements may also include a provision that restricts the Contract School’s proprietary rights over curriculum or educational materials that are developed by the ESP from funds from the Contract School or that are not otherwise dedicated for the specific purpose of developing Contract School curriculum or educational materials. All ESP agreements shall recognize that the ESP’s educational materials and teaching techniques used by the Contract School are subject to state disclosure laws and the Open Records Act.

13. ESP agreements involving employees must be clear about which persons or positions are employees of the ESP, and which persons or positions are employees of the Contract School. If the ESP leases employees to the Contract School, the ESP agreement must provide that the leasing company accepts full liability for benefits, salaries, worker’s compensation, unemployment compensation and liability insurance for its employees leased to the Contract School or working on Contract School operations. If the Contract School is staffed through an employee leasing agreement, legal confirmation must be provided to the Contract School Governing Board that the employment structure qualifies as employee leasing.

14. ESP agreements must contain insurance and indemnification provisions outlining the coverage the ESP will obtain. The ESP’s insurance is separate from and in addition to the insurance for the Contract School Governing Board that is required according to the Contract. Insurance coverage must take into account whether or not staff at the school are employees of the ESP or the School.

15. Marketing and development costs paid by or charged to the Contract School shall be limited to those costs specific to the Contract School program and shall not include any costs for the marketing and development of the ESP.

16. If the Contract School intends to enter into a lease, execute promissory notes or other negotiable instruments, or enter into a lease-purchase agreement or other financing relationships with the ESP, then such agreements must be separately documented and not be a part of or incorporated into the ESP agreement. Such agreements must be consistent with the school’s authority to terminate the ESP agreement and continue operation of the School.
