In order to effectuate the purposes of implementing the Hunger Prevention Act (P.L. 100-435), the State Department of Education, hereinafter referred to as the "Distributing Agency," and The Emergency Feeding Organization, hereinafter referred to as the "Recipient Agency," whose name and address appear above agree as follows:

The Distributing Agency agrees to distribute to eligible Recipient Agencies in accordance with the Regulations set forth by the United States Department of Agriculture (USDA), 7 CFR, Parts 250 and 251, those donated foods that are made available by the USDA. The Recipient Agency agrees to receive, store, and distribute direct shipments of donated foods as ordered for them by the Distributing Agency. The Recipient Agency is responsible for notifying their member agencies of the arrival of each donated food shipment.

The Recipient Agency agrees to comply with all provisions of the Agreement, Regulations, and amendments thereto, and any instructions, policies, or procedures issued in connection therewith. Specifically, the Recipient Agency agrees to conform to the following requirements:

1. Accept only the amounts of USDA donated foods that can be used without waste in providing food assistance to needy persons.
2. Provide adequate facilities for the handling, storage, and distribution of donated foods and properly safeguard the donated foods against theft, spoilage, or other loss. Donated foods shall not be sold, exchanged, or otherwise disposed of without the approval of the Distributing Agency.
3. Not charge any individual for foods distributed.
4. Maintain accurate and complete records to document the receipt, disposal, and perpetual inventory of donated foods; as instructed by the Distributing Agency, and require the same of other food banks that are its member agencies (agencies that are members of the food bank and are eligible to receive USDA donated foods from the food bank).
5. The Recipient Agency must maintain a list of all member agencies. Insure that the member agencies, which are also food banks, maintain complete records as required in item number four. The Food Pantries shall conduct a means test to determine household eligibility and maintain records of the households to whom food is given during each distribution period. They are also required to maintain copies of signed USDA donated foods receipts from the food bank and a perpetual inventory for each donated food item received. The Soup Kitchens or congregate feeding sites shall maintain copies of signed USDA donated foods receipts from the food bank and a perpetual inventory for each donated food item received. Food Banks may also require a report on the number of meals served at each Soup Kitchen or secondary congregate feeding site.
6. Insure that member agencies distribute foods only to households whose income eligibility is determined in accordance with the ***State Eligibility Criteria, Attachment A***.
7. The Recipient Agencies will also insure that the member agencies follow the procedure below for determining the distribution of USDA donated foods.

Distribution rates for distributing USDA donated foods to households will be determined by the EFO based on quantities of foods available and participation data. Distribution rates will be required to meet the needs of participants who normally receive their allotment at their designated distribution site. Every effort will be made by the member agencies to insure that each household receives an equitable allotment of USDA donated foods.

8. The Recipient Agency agrees to provide food to a secondary group of congregate feeding sites in addition to the traditional soup kitchens. They must serve predominately needy people. One of the criteria that can be used to help identify that the agency is serving the predominately needy is to make sure the agency is receiving governmental financial assistance for the majority of their clients. Agencies that may be included in this category are group homes for the physically or mentally challenged, rehabilitation centers, substance abuse centers, child and adult care centers, domestic abuse centers, children's homes, and etc. These agencies are required to maintain the same records required of the other congregate feeding sites or soup kitchens. The Recipient Agency agrees to contact the Distributing Agency for advice before signing a USDA donated food agreement with one of these secondary congregate feeding agencies if they are unsure that the agency is serving predominately needy people. If a shortage of food develops in TEFAP, these secondary congregate feeding sites would be given a lower priority and the traditional soup kitchens would be given the top priority for the available food supply.
9. The Recipient Agency and its member agencies must comply with The Emergency Food Assistance Act of 1983 which requires that an eligible recipient agency must be "nonprofit" per 7 U.S.C. 7501(3) and does not appear on the Automatic Revocation of Tax-Exempt Status List (List), prior to approving new Food Pantries, Soup Kitchens or secondary congregate feeding sites for the distribution of USDA donated foods. TEFAP regulations at 7 CFR 251.5(a)(3) establish that if not a public entity, an eligible organization must:
 - (a) possess documentation from the IRS recognizing tax-exempt status under the IRC, or
 - (b) if not in possession of such documentation, be automatically tax exempt as "organized or operated exclusively for religious purposes" under the IRC, or

- (c) if not in possession of such documentation, but required to file an application under the IRC to obtain tax-exempt status, have made application for recognition of such status and be moving toward compliance with the requirements for recognition of tax-exempt status. If the IRS denies a participating organization's application for recognition of tax-exempt status, the organization must immediately notify the food bank, which will terminate the organization's agreement and participation immediately. If documentation of IRS recognition of tax-exempt status has not been obtained and forwarded to the food bank within 180 days of the effective date of the organization's approval for participation in TEFAP, the food bank must terminate the organization's participation until such time as recognition of tax-exempt status is actually obtained, except that the food bank may grant a single extension not to exceed 90 days if the organization can demonstrate, to the food bank's satisfaction, that its inability to obtain tax-exempt status within the 180 day period is due to circumstances beyond its control. It is the responsibility of the organization to document that it has complied with all IRS requirements and has provided all information requested by IRS in a timely manner.

For Active Agencies: Should any eligible recipient agency appear on the List, the Food Bank or its member agencies must notify the organization in writing that it has 30 days to provide documentation that it has applied for reinstatement of tax-exempt status or it will be terminated from TEFAP. The organization then must forward documentation of IRS recognition of tax-exempt status to the Food Bank within 180 days of the above mentioned notification. The Food Bank may grant one 90-day extension if the organization can demonstrate that its ability to obtain appropriate status during the initial period was due to circumstances beyond the its control.

Food banks shall periodically, but no less frequently than annually, review and maintain a copy on file of the IRS Automatic Revocation of Exemption List, to ensure that agencies contracted to distribute TEFAP products do not appear on the revocation listing. The listing can be found at <http://www.irs.gov/Charities-&-Non-Profits/Automatic-Revocation-of-Exemption-List>.

10. Report promptly all instances of lost donated foods to the Distributing Agency. Lost donated foods are those which, for any reason, cannot be demonstrated by appropriate records or other satisfactory evidence to have been delivered to, or to be available in good condition for delivery to needy persons or households for whom they were donated by USDA. USDA donated foods may be lost through theft, damage, spoilage, infestation, improper distribution, sale or exchange, diversion to an improper use, or other similar causes.
11. Permit representatives of the Distributing Agency or the USDA to inspect donated foods in storage, or the facilities used in the handling or storage of such donated foods, and to review or audit all records, including financial records, at any reasonable time.
12. Retain all records for a period of three (3) years from the close of the Federal Fiscal Year (October 1 through September 30) to which they pertain, or if applicable, they must be retained beyond that period until any audit exceptions are resolved.
13. The Recipient Agency agrees to submit all reports required by the Distributing Agency and to cooperate to the extent necessary to sustain an effective food distribution program. Failure to file timely reports may be a basis for cancellation of this Agreement.
14. The Recipient Agency agrees to operate its TEFAP program in compliance with all applicable State and Federal laws and all rules and regulations, and policies established by the USDA and the Distributing Agency. The Recipient Agency also agrees to display in a prominent place in appropriate offices and food distribution areas, the USDA Title VI Non-Discrimination poster " ...And Justice for All" as well as incorporate the Civil Rights Non-Discrimination Statement, in accordance with **Attachment F**, into all materials and sources, including websites related to TEFAP.
15. The Recipient Agency accepts full responsibility for compliance with the provisions of this Agreement, including potential liability for any USDA donated foods lost through negligence or for any funds received for costs inadequately documented. This responsibility is held equally by Recipient Agencies which distribute donated foods to other organizations for provision to needy persons.
16. The Recipient Agency through its member agencies may distribute food to needy households at their site(s), or the Recipient Agency may distribute through other organizations called sub-outlets which, in turn, distribute

to needy households through their own site(s). Sub-outlets may *not* be added without prior approval of the Distributing Agency.

An **Attachment B, EFO Sub-outlets**, must be provided as part of this Agreement for each sub-outlet. The Agreement must also include an **Attachment C, Storage Facilities**, giving a description of *each* storage facility where USDA donated foods will be stored.

17. All Attachments (A-F) shall become a part of this Agreement and must be completed and accompany the signed Agreement.

18. "The Program applicant hereby agrees that it will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and all requirements imposed by the regulations of the Department of Agriculture (7 CFR Part 15), DOJ (28) (CFR Parts 42 and 50) and FNS directives or regulations issued pursuant to that Act and the regulations, to the effect that, no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under any program or activity for which the Program applicant received Federal financial assistance from USDA; and hereby gives assurance that it will immediately take any measures necessary to fulfill this agreement."

"This assurance is given in consideration of and for the purpose of obtaining any and all Federal financial assistance, grants, and loans of Federal funds, reimbursable expenditures, grant, or donation of Federal property and interest in property, the detail of Federal personnel, the sale and lease of, and the permission to use Federal property or interest in such property or the furnishing of services without consideration or at a nominal consideration, or at a consideration that is reduced for the purpose of assisting the recipient, or in recognition of the public interest to be served by such sale, lease, or furnishing of services to the recipient, or any improvements made with Federal financial assistance extended to the Program applicant by USDA. This includes any Federal agreement, arrangement, or other contract that has as one of its purposes the provision of cash assistance for the purchase of food, and cash assistance for purchase or rental of food service equipment or any other financial assistance extended in reliance on the representations and agreements made in this assurance."

"By accepting this assurance, the Program applicant agrees to compile data, maintain records, and submit reports as required, to permit effective enforcement of nondiscrimination laws and permit authorized USDA personnel during hours of program operation to review such records, books, and accounts as needed to ascertain compliance with the nondiscrimination laws. If there are any violations of this assurance, the Department of Agriculture, FNS, shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Program applicant, its successors, transferees, and assignees as long as it receives assistance or retains possession of any assistance from USDA. The person or persons whose signatures appear below are authorized to sign this assurance on the behalf of the Program applicant."

19. **Effective Period of Agreement:** This Agreement shall become effective on October 1, 2015, and shall be considered **permanent** with amendments when necessary, unless terminated as provided herein. This Agreement may be terminated upon 30 days written notice on the part of either party hereto, and the Distributing Agency may terminate this Agreement immediately upon receipt of evidence that the terms and conditions of the Agreement have not been fully complied with by the Recipient Agency. Any termination of the Agreement by the Distributing Agency shall be in accordance with applicable laws and regulations.

Upon any termination, the Recipient Agency agrees to comply with instructions of the Distributing Agency in regard to transfer of all donated foods remaining in its possession or control.

20. **Alabama Immigration Law Compliance Contract:** Contractor agrees that it will fully comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, which makes it unlawful for an employer in Alabama to *knowingly* hire or continue to employ an alien who is or has become unauthorized with respect to such employment or to fail to comply with the Form I-9 requirements or fails to use E-Verify to verify the eligibility to legally work in the United States for all of its new hires who are employed to work in the State of Alabama. Without limiting the foregoing, contractor shall

not knowingly employ, hire for employment, or continue to employ an unauthorized alien, and shall have an officer or other managerial employee who is personally familiar with the contractor's hiring practices to execute an affidavit to this effect on the form supplied by the ALSDE and return the same to the ALSDE. Contractor shall also enroll in the E-Verify Program prior to performing any work, or continuing to perform any ongoing work, and shall remain enrolled throughout the entire course of its performance hereunder, and shall attach to its affidavit the E-Verify Program for Employment Verification and Memorandum of Understanding and such other documentation as the ALSDE may require to confirm contractor's enrollment in the E-Verify Program. Contractor agrees not to knowingly allow any of its subcontractors, or any other party with whom it has a contract, to employ in the State of Alabama any illegal or undocumented aliens to perform any work in connection with the Project, and shall include in all of its contracts a provision substantially similar to this paragraph. If contractor receives *actual knowledge* of the unauthorized status of one of its employees in the State of Alabama, it will remove that employee from the project, jobsite or premises of the ALSDE and shall comply with the Immigration Reform and Control Act of 1986, as amended by the Immigration Act of 1990, and the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. Contractor shall require each of its subcontractors, or other parties with whom it has a contract, to act in a similar fashion. If contractor violates any term of this provision, this agreement will be subject to immediate termination by the ALSDE. To the fullest extent permitted by law, contractor shall defend, indemnify and hold harmless the ALSDE from any and all losses, consequential damages, expenses (including, but not limited to, attorneys' fees), claims, suits, liabilities, fines, penalties, and any other costs arising out of or in any way related to contractor's failure to fulfill its obligations contained in this paragraph.

Addendum Applies:
No

--Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

Instructions for Certification

1. By signing and submitting this form, the prospective primary participant is providing the certification set out on the reverse side in accordance with these instructions.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out on this form. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to whom this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this form that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
