Teaching Fields			
(1) Purposes of Alternative Class A			
Programs. The purposes of an Alternative			
Class A program shall be identical to the			
purposes for preparing teachers at the Class			
B level in the same teaching field, except			
that persons who complete the Alternative			
Class A program shall have acquired			
knowledge and skill above the level			
required for completion of a Class B			
program. Additional information is			
provided in Rule 290-3-304.			
(2) Unconditional Admission to			
Alternative Class A Programs. Each			
institution shall establish and enforce a			
policy that specifies when the candidate			
must meet criteria for unconditional			
admission to the program. Admission to			
the graduate school is not equivalent to			
unconditional admission to an approved			
program. Requirements for unconditional			
admission shall include:			
(a) A criminal history background			
check. Additional information is provided			
in Rule 290-3-303(6)(d).			
(b) Testing requirement. Effective			
September 1, 2013, successful passage of			
the three basic skills assessments became a			
precondition for unconditional admission to			
a Class B program or an Alternative Class			
A program. Effective for basic skills tests			
taken September 1, 2017, and thereafter the			
Educational Testing Services (ETS) Praxis			
Core Academic Skills for Educators Tests			
replaced the ACT WorkKeys. Effective			
April 17, 2019, Praxis Core was rescinded			
as a requirement for unconditional			
admission to an Alternative Class A			
program.
