SUPPLEMENTARY INFORMATION:

Title: Request for Special Priorities Assistance.

OMB Control Number: 0560-0280.

Expiration Date of Approval: April 30, 2022.

Type of Request: Extension of a currently approved information collection.

Abstract: APAS would efficiently place priority ratings on contracts or orders of agriculture commodities up through the wholesale levels, agriculture production equipment, allocate resources, and handle food claims within its authority as specified in the Defense Production Act (DPA) of 1950, as amended, when necessary to promote national defense. It was determined that food is a scarce and critical commodity essential to the national defense (including civil emergencies) and responsible. Unless its production, processing, storage, and wholesale distribution are regulated during times of emergencies, the national defense requirement for food and food production may not be met without creating hardship in the civilian marketplace. Applicants (Government agencies or private individuals with a role in emergency preparedness, response, and recovery functions) request authorization from USDA to place a rating on a contract for items to support national defense activities. USDA Form AD-2102 can be found by the public at https://forms.scegov.usda.gov/eForms. Applicants must supply, at time of request, their name, location, contact information, items for which the applicant is requesting assistance, on quantity, and delivery date. Applicants can submit the request by mail or fax. There are no changes to the burden hours since the last OMB approval.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hours is the estimated average time per response multiplied by the estimated total annual responses.

Estimate of Respondent Burden: Public reporting burden for the information collection is estimated to average 30 minutes (0.50) per response.

Respondents: Individuals, businesses, and agencies with responsibilities for emergency preparedness and response.

Estimated Annual Number of Respondents: 50.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Responses: 50.

Estimated Average Time per Response: 0.5 hours.

Estimated Total Annual Burden on Respondents: 25 hours.

We are requesting comments on all aspects of this information collection to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of the FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected;

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

Zach Ducheneaux,
Administrator, Farm Service Agency.

Food and Nutrition Service

Summer Food Service Program; 2022 Reimbursement Rates

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: This notice informs the public of the annual adjustments to the reimbursement rates for meals served in the Summer Food Service Program for Children. These adjustments address changes in the Consumer Price Index, as required under the Richard B. Russell National School Lunch Act. The 2022 reimbursement rates are presented as a combined set of rates to highlight simplified cost accounting procedures. The 2022 rates are also presented individually, as separate operating and administrative rates of reimbursement, to show the effect of the Consumer Price Index adjustment on each rate.

DATES: The rates take effect January 1, 2022.

FOR FURTHER INFORMATION CONTACT: J. Kevin Maskornick, Program Monitoring and Operational Support Division, Child Nutrition Programs, Food and Nutrition Service, United States Department of Agriculture, 1320 Braddock Place, Suite 401, Alexandria, Virginia 22314, 703-305-2537.

SUPPLEMENTARY INFORMATION: The Summer Food Service Program (SFSP) is listed in the Catalog of Federal Domestic Assistance under No. 10.559 and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 2 CFR, 415 and final rule-related document published at 48 FR 29144, June 24, 1983.)

In accordance with the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3520, no new recordkeeping or reporting requirements have been included that are subject to approval from the Office of Management and Budget.

This notice is not a rule as defined by the Regulatory Flexibility Act, 5 U.S.C. 601-612, and thus is exempt from the provisions of that Act. Additionally, this notice has been determined to be exempt from formal review by the Office of Management and Budget under Executive Order 12866.

Definitions

The terms used in this notice have the meaning ascribed to them under 7 CFR part 225 of the SFSP regulations.

Background

This notice informs the public of the annual adjustments to the reimbursement rates for meals served in SFSP. In accordance with sections 12(f) and 13, 42 U.S.C. 1760(f) and 1761, of the Richard B. Russell National School Lunch Act (NSLA) and SFSP regulations under 7 CFR part 225, the United States Department of Agriculture announces the adjustments in SFSP payments for meals served to participating children during calendar year 2022.

The 2022 reimbursement rates are presented as a combined set of rates to highlight simplified cost accounting procedures. The 2022 rates are also presented individually, as separate operating and administrative rates of reimbursement, to show the effect of the Consumer Price Index adjustment on each rate.
Sponsors receive reimbursement that is determined by the number of reimbursable meals served, multiplied by the combined rates for food service operations and administration. However, the combined rate is based on separate operating and administrative rates of reimbursement, each of which is adjusted differently for inflation.

**Calculation of Rates**

The combined rates are constructed from individually authorized operating and administrative reimbursements. Simplified procedures provide flexibility, enabling sponsors to manage their reimbursements to pay for any allowable cost, regardless of the cost category. Sponsors remain responsible, however, for ensuring proper administration of the Program, while providing the best possible nutrition benefit to children.

The operating and administrative rates are calculated separately. However, the calculations of adjustments for both cost categories are based on the same set of changes in the *Food Away from Home* series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the United States Department of Labor. They represent a 5.8 percent increase in this series for the 12-month period from November 2020 through November 2021 (from 298.253 in November 2020 to 315.481 in November 2021).

**Table of 2022 Reimbursement Rates**

Presentation of the 2022 maximum per meal rates for meals served to children in SFSP combines the results from the calculations of operational and administrative payments, which are further explained in this notice. The total amount of payments to State agencies for disbursement to SFSP sponsors will be based upon these adjusted combined rates and the number of meals of each type served. These adjusted rates will be in effect from January 1, 2022 through December 31, 2022.

This is a reflection of the changes.

These changes are reflected below.

Administrative Rates

The administrative cost component of the reimbursement is authorized under section 13(b)(3) of the NSLA, 42 U.S.C. 1761(b)(3). Rates are higher for sponsors of sites in rural areas and for "self-prep" sponsors that prepare their own meals at the SFSP site or at a central facility instead of purchasing them from vendors. The administrative portion of SFSP rates are adjusted, either up or down, to the nearest quarter cent. These changes are reflected below.

- Breakfast: 33.50 cents (1.25 cent increase from the 2021 reimbursement rate), Lunch or Supper: 43.75 cents (2.5 cent increase), Snack: 11.75 cents (0.75 cent increase);
- All Other Types of Sites—Breakfast: 18 cents (1 cent increase), Lunch or Supper: 33.75 cents (1.75 cent increase), Snack: 9.25 cents (0.5 cent increase).
