Auburn City American Rescue Plan (ARP) ESSER 2021 Revision: 0 Status: ALSDE Consolidated Federal Programs Director Final Approval

Friday, December 10, 2021 3:58 PM
ARP ESSER State Reserve - Application Details

ARP ESSER State Reserve Allocation to Address Loss of Instructional Time

The ALSDE is providing a State Reserve allocation to LEAs to address the loss of instructional time through the implementation of evidence-based interventions and ensure that those interventions respond to students' social, emotional, and academic needs and address the disproportionate impact of COVID-19 on underrepresented student subgroups.

For the ARP ESSER State Reserve Allocation, the following interventions are allowable:
1. Summer Learning & Summer Enrichment Programs
2. Comprehensive After-School Programs
3. Other – See Intervention box C for more details.

Required Narratives

Provide a description of the evidence-based program(s) (including partnerships with community-based organizations) the LEA has selected to use with the ARP ESSER State Reserve, and explain how the LEA will identify and engage students who need additional support. The LEA must demonstrate how it will evaluate the impact of the program(s).

Auburn City Schools will use both formative and summative assessment data within an RTI framework to identify students in all tiers of instruction, provide appropriate instruction at the right level of support, and evaluate the impact of the strategies. Programs utilized as resources funded through ESSER Reserve funds include SPIRE and LLI reading interventions for Tier III, Edmentum (PLATO) for secondary credit recovery, and STAR Reading.

Community partnerships used as part of summer programs include:
- AMSTI through the East Alabama In-Service Center
- ARI through the East Alabama In-Service Center
- Auburn University Preservice Teacher Program
- Kehrer Reserve
- Auburn City Schools Child Nutrition Department

In addition, as part of overall ESSER funding, Auburn City Schools will address the disproportionate impact on student subgroups through the hiring of personnel. These personnel in Tier I through the ERI process:
- Non-language based Parent Liaison (racial groups)
- K-2 Interventionist (children from low-income families)
- Speech Pathologist (disabilities)
- Psychometrist (disabilities)
- Enrichment Teacher (exceptionalities)
- EL Teacher (English Learners)
- Social Worker (migrant students, homeless, foster)
- Mental Health Counselor (students with mental health needs)

Indicate the data sources the LEA used to identify the students most in need of the program(s) and the extent to which the LEA will evaluate the impact of the program(s).

Universal screeners are a vital component of a strong RTI process for all students. Identification of students who need additional support is made through team discussion and deliberation.

Using the allocation from the ARP ESSER State Reserve, explain how the LEA will identify and engage
1) students who have missed the most in-person instruction during the 2019-2020 and 2020-2021 school years; and
2) students who did not consistently participate in remote instruction when offered during school building closures.

1. Students who missed the most in-person instruction and who show significant learning gaps will have access to the major areas of funding below. These areas cover students in all grades:
- Summer programs grades K-12
- Tutoring opportunities for grades K-12
- Tier 4 math intervention for grades K-5
- Tiers 2 and 3 reading intervention for grades K-3 as well as EL students in grades K-5
- Tiers 1 and 2 reading and math intervention for grades K-8

2. Auburn City Schools did not have building closures in the 2020-2021 school year.
