How will the LEA determine the most important educational needs as a result of COVID-19?

Secondary (7-12) - In order to determine our district's most important needs resulting from COVID-19, surveys were sent to school stakeholders to gather feedback regarding how to best meet the needs of each school given the COVID-19 school closure. In addition, the district hosted follow-up feeder-pattern meetings with school leadership to review and reflect on the information gathered from the surveys. Furthermore, additional feedback was collected at each.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Secondary (7-12) - BCPSS will purchase a digital platform(s) for grades 7-12 to assess student strengths and weaknesses on AL course standards. In addition, these platforms will allow us to deliver standards-based virtual instruction to supplement classroom efforts of filling gaps caused by COVID-19. The platforms will also help us to easily shift to a virtual, distance learning educational format if future school closings occur. In addition, these platforms will be utilized

**What is the LEA’s proposed timeline for providing services and assistance to students and staff?**

Secondary (7-12) - The district plans to purchase the 7-12 grade level digital platform(s) during the summer of 2020, pending the availability of funds. The platforms will be used with students beginning in August 2020. Sustained professional development on the platforms and best practices for online learning will be offered.

Secondary (7-12) - The online platforms will provide remediation opportunities along with initial instruction on AL course standards in core and elective subject areas. Teachers will utilize these resources to supplement their face-to-face instruction, including a blended learning format as appropriate. These platforms will also be activated to serve as an important part of our instructional plan if schools are forced to close in the future. In addition to the digital platforms.
