**PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES**

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

**2. Allowable Service(s) Assurance**

*The LEA Superintendent or his/her authorized representative assures or certifies that:*

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

**How will the LEA determine the most important educational needs as a result of COVID-19?**

Initially through discussions with stakeholders including School Board Members, Parents, Teachers, and Administrators.

Students will participate in a wide range of assessments during the beginning of school.

Health assessment data shared by the Alabama Public Health Department, local health agencies and school nurse input will determine the schools' on-going need for medical and sanitation equipment, supplies and PPEs.

Additionally we have budgeted the following categories to meet various educational needs including tutoring, instructional supplies, intervention curriculum, additional salaries and professional development.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

Jackson County Schools will be addressing learning gaps by first identifying the gaps in instruction by utilizing formative assessments as soon as possible. Based on the results we will use all available tools, our teachers, technology, curriculum, and supplemental materials help all of our students move as far forward as possible.

Our goal this year is to reduce disruptions by providing an as safe as possible learning environment on campus. In addition, we will provide parents freedom to place students in a virtual learning environment to prevent the loss of valuable momentum in completing education goals.

The State agencies or boards administering the programs covered by the application shall not require the submission or amendment of such application unless required by changes in Federal or State law or by other significant change in the circumstances affecting an assurance in such application.

(a) The purpose of this section is to assist the Department in implementing the Department's mission to ensure equal access to education and to promote educational excellence throughout the Nation, by -

(d) Nothing in this section shall be construed to alter in any way the rights or responsibilities established under the laws cited in section 400(d) of this Act.

**What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?**

All teachers will evaluate individual students' learning style/modality to provide the best opportunity for all students to achieve and succeed. This is especially important for children with disabilities who may have difficulty with the additional challenges of Covid-19 and these funds will allow for additional resources to meet the requirements of their Individual Education Plans. If any barriers arise that we have not anticipated we will handle immediately.
