PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Marion County Schools Supervisors starting meeting in early June to determine the needs of our system. Some of our needs were determined by what was going to be required for the upcoming school year to keep our students and employees safe and healthy. Other needs were determined by what we had just experienced as we had to close schools and continue to educate our students. The closure made us realize that we have many students that do not have the ability to connect digitally and, those that do, do not always have a device to work on at home.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

We chose the STAR Assessment by Renaissance for our K-3 Literacy Assessment. In order to maintain continuity throughout the system, we chose to use the STAR Assessment to assess all students in grades K-12 to identify learning gaps. We already offer thousands of digital books through MyOn and have purchased Freckles for our individual learning plans. It is our belief that these Renaissance products will identify learning gaps and then give us the educational services to fill those gaps based on individual student need. We have had 63 elementary teachers to participate in an Orton Gillingham on-line training program this summer that we are paying for with CARES funds. These teachers will use the methodology they learned to help students learn to read proficiently on grade level.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

All services and assistance will begin on July 6, 2020 when we begin our First Grade Summer Reading Camp. Services for all students will be in place when school starts on August 11, 2020. We will continue to operate under these new conditions throughout the 2020-2021 school year and until the global pandemic subsides. The Renaissance products will continue to be used to identify and address learning gaps for several years. All funds will be expended by September 30, 2022.

How will the LEA use ESSER funds to promote remote learning?

Go Guardian is being purchased to help us filter our Chromebooks that will be checked out to students enrolled in the Marion County Virtual Academy or those students enrolled in traditional school who are temporarily participating in remote learning through our blended option. We are purchasing and installing hotspots at all of our schools so parents can sit in the school parking lot and access WiFi. Chromebooks are being bought for teachers so they can easily manage the virtual curriculum and the LMS if they have to be quarantined at home.

Teachers will be given a Chromebook to work on both at school and at home. We are employing a Virtual/Remote Learning Specialist to work with teachers and students to coordinate our virtual program and to make the transition from traditional to blended as seamless as possible.
