PROGRAMMATIC, FISCAL AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

A review of the educational needs that were most prominent during the COVID-19 closure period were reviewed with administrative staff (and based on feedback from teachers and parents). It was determined that student access to the technology necessary to participate seamlessly in virtual instruction was a primary concern for teachers, parents and administrators.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

The district will utilize multiple assessment platforms that are already in place to assess student readiness and proficiency levels upon their re-entry into school. These assessments will include informal and formal formative assessments, along with some standard assessments that are done periodically for universal screening and progress monitoring as part of the district's comprehensive RtI framework.

[illegible]

What is the LEA's proposed timeline for providing services and assistance to students and staff?

All of the expenditures are planned for the early stages of the 2020-21 school year, preferably by the start of school in August. The supplies and technology will be used throughout the school year for the improvement of student learning and the safety of the learning environment.

How will the LEA use ESSER funds to promote remote learning?

The technology devices will allow each student in secondary grades (as well as students in need in elementary grades) to have a district-provided device that will enable them to access district resources, including remote connection to teachers for instructional delivery.

3. Equitable Services/Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

Funds will be used for PPE, sanitizing supplies and staff PD; phone and e-mail consultation occurred throughout the month of June and a face to face final consultation occurred on June 23rd and 24th. The provision of these services/purchase of supplies will occur to support the start of the school year with the timeline is focused on late summer 2020 as the implementation date.

6. Section 427 of the General Education Provisions Act Assurances

(a) The purpose of this section is to assist the Department in implementing the Department's mission to ensure equal access to education and to promote educational excellence throughout the Nation, by -
