The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

**Allowable Service(s) Assurance**

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

**How will the LEA determine the most important educational needs as a result of COVID-19?**

We surveyed our teachers, students and parents to see what needs were expressed. We needed updated document cameras that could record to facilitate virtual learning. We bought portable cameras that could broadcast the teacher to facilitate at-home student learning. We opened 10 days later than planned, but we stayed open for the entirety of the school year. We knew we needed supplies to keep our buildings sanitized and safe for students and teachers.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

We are offering bootcamps the summer of 2021 in reading and math. Additionally, we are offering transition camps for our students with special needs. We have extended deadlines and given more opportunities for students to meet with teachers to ensure they understand the material and can receive any intervention needed. We are screening our students in grades K-8 two to three times over the year in reading and math. We are looking at the number of failures as compared to previous years as well as performance on standardized tests.
Which allowable activities will the LEA use ESSER funds to provide educational services? (Select all that apply)

- Activities authorized by the Every Student Succeeds Act (ESSA).
- Activities authorized by the Individuals with Disabilities Education Act (IDEA).
- Activities authorized by the Adult Education and Family Literacy Act.
- Activities authorized by subtitle B of Title VII of the McKinney-Vento Homeless Assistance Act.
- Coordination of preparedness and response efforts of local education agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and other school leaders with the resources necessary to address the needs of the individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including building operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 USC 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

We started school on August 20, 2021 and have remained open for the entire school year. Elementary students have attended every day since that time. We also extended the COVID leave for teachers that were quarantined after the federal government stopped paying for the leave. We are planning on extending student learning throughout the summer with a variety of camps including those focused on reading and math. All services will conclude on or before Sept. 30, 2022.

How will the LEA use ESSER funds to promote remote learning?

We purchased technology to assist teachers in teaching remotely. We opened an elementary virtual school with dedicated teachers in grades K-6. We provided virtual services such as OT, Speech, PT, and counseling for those who chose the virtual option and for those who were quarantined.

3. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools, located within the LEA, in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school.
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private school?

We reached out to the only private school in our school zone. They refused to participate. The signed documents are on file.

4. Other Assurances and Certifications

The LEA Superintendent or his/her authorized representative assures or certifies the following:

In addition, LEAs that accept funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the LEA. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.
- The LEA will request technical assistance on the use of ESSER funds for remote learning, which includes both distance education as defined in Section 103(7) of the HEA and distance learning as defined in ESEA Section 8101(14), so that students can continue learning during school closures.
