The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education does not consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

During district administrative meetings, academic as well as health and safety needs were analyzed. Input from teachers, parents, and community stakeholders was also reviewed. To provide equal access to curriculum during initial school closure, paper packets were copied and distributed to all students. However, transition to 1-to-1 with device acquisition as well as strengthening professional learning in the area of remote instruction were identified as focus priorities. PPE and facility preparation to promote wellness was also determined as essential for a safe return to school.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Formative assessment data from spring 2020 in conjunction with beginning of the year diagnostic data will be used during vertical/horizontal grade level, departmental, and administrative meetings to assess deficiencies in achievement as well as identify anticipated student learning gaps. Intervention will be designed and implemented to address identified learning gaps.

What is the LEA’s proposed timeline for providing services and assistance to students and staff?

Saraland City Schools began providing services on March 13, 2020 and will continue services and assistance through September 30, 2022, as funding permits.

How will the LEA use ESSER funds to promote remote learning?

Funds will be used as needed to provide devices and internet access to students. Online platforms and instructional resources including but not limited to Schoology, Nearpod, iReady, Newsela, and BrainPOP will be used to facilitate and enrich remote learning experiences. Professional learning opportunities will be developed and provided for faculty, staff, students, and parents.

3. Equitable Services Assurances

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools as required under Section 18005 of Division B of the CARES Act.
- The LEA receiving ESSER funds will provide equitable services to students and teachers in non-public schools located within the LEA in the same manner as provided under Section 1117 of the ESEA, as determined through timely and meaningful consultation with representatives of non-public schools.
- The LEA will ensure that it will maintain control of funds for the services and assistance provided to a non-public school.
- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

Timely and meaningful consultation with our one participating private school was initiated during summer 2020 and will continue until no later than September 30, 2022. Funds will be used to meet the needs related to COVID-19 as allowable and described in the budget. The participating school requested to use allocation for the purchase of devices. District IT staff members collaborated with the school and services began as early as July 2020. Remaining funds, if available, will be used for cleaning supplies.

4. Other Assurances and Certifications

The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA that receives ESSER funds will, to the greatest extent practicable, continue to compensate its employees and contractors during the period of any disruptions or closures related to COVID-19 in compliance with Section 18006 of Division B of the CARES Act. In addition, LEAs that accept funds will continue to pay employees and contractors to the greatest extent practicable based on the unique financial circumstances of the LEA. CARES Act funds generally will not be used for bonuses, merit pay, or similar expenditures, unless related to disruptions or closures resulting from COVID-19.
- The LEA will request technical assistance on the use of ESSER funds for remote learning, which includes both distance education as defined in Section 103(7) of the HEA and distance learning as defined in ESEA Section 8101(14), so that students can continue learning during school closures.
- The LEA will cooperate with any SEA monitoring policies and/or procedures with regards to the allowability of expenditures.
- The LEA will use ESSER funds for purposes that are reasonable, necessary, and allocable under the CARES Act.
The LEA Superintendent or his/her authorized representative assures or certifies the following:

- The LEA will provide to the SEA the methodology used to provide services or assistance to students and staff in both public and non-public schools, the uses of funds and demonstration of their compliance with Section 18003(d), such as any use of funds addressing the digital divide, including securing access to home-based connectivity and remote-use devices, related issues in supporting remote learning for all students, including disadvantaged populations.
- The LEA will cooperate with any examination of records with respect to such funds by making records available for inspection, production, and examination, and authorized individuals for interview and examination, upon request.
- The LEA will comply with the provisions of all applicable acts, regulations and assurances; the following provisions of Education Department General Administrative Regulations (EDGAR) 34 CFR Parts 76, 77, 81, 82, 84, 97, 98, and 99; the OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) In 2 CFR Part 180, as adopted and amended as regulations of the Department In 2 CFR Part 3485; and the Uniform Guidance In 2 CFR Part 200, as adopted and amended as regulations of the Department In 2 CFR Part 3474.

The LEA Superintendent or his/her authorized representative assures or certifies the following:
(a) Each local educational agency which participates in an applicable program under which Federal funds are made available to such agency through a State agency or board shall submit to such agency or board a general application containing the assurances set forth in subsection (b). The application shall cover the participation by that local educational agency in all such programs.
(b) The general application submitted by a local educational agency under subsection (a) shall set forth assurances
   (1) that the local educational agency will administer each program by the application in accordance with all applicable statutes, regulations, program plans, and applications;
   (2) that the control of funds provided to the local educational agency under each program, and title to property acquired with those funds, will be in a public agency and that a public agency will administer those funds and property;

   (7) that in the case of any project involving construction -
      (A) the project is not inconsistent with overall State plans for the construction of school facilities, and

The State agencies or boards administering the programs covered by the application shall not require the submission or amendment of such application unless required by changes in Federal or State law or by other significant change in the circumstances affecting an assurance in such application.

(c) The Secretary may establish criteria and provide technical assistance for meeting the requirements of this section.

(d) Nothing in this section shall be construed to alter in any way the rights or responsibilities established under the laws cited in section 400(d) of this Act.

What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?

No student is denied access to academic programs on the basis of gender, race, color, national origin, disability, age, or economic status. Saraland City Schools (SCS) provided additional training to special education teachers to ensure equity and accessibility for students during remote instruction. SCS will continue to work with teachers and families to ensure there are no barriers to participation.
