What is the LEA's proposed timeline for providing services and assistance to students and staff?

For purchases with ESSER funding, intent is to order all items immediately. Chromebooks will be prepared, distributed and available for use at the start of the 2020-21 school year and will be on-going from that point forward. If there are supply chain delays, we intend to deploy as soon as physically possible once received. All funds will be used no later than September 30, 2022.

How will the LEA use ESSER funds to promote remote learning?

By completing the 1:1 initiative, every student in Satsuma City Schools will have access to a device that may be used from a remote location to access any relevant content related to instruction. This will be done so within the framework of our existing Technology Plan. Additional wireless access points have been implemented for small percentage of students with no Internet access from home. Information about how to receive either discounted or free Internet connectivity services has been shared through multiple communication channels with parents.
