**How will the LEA determine the most Important educational needs as a result of COVID-19?**

Legacy Prep used student, parent, and teacher feedback from the March 2020 school closure to determine the highest needs of support for the 2020-2021 school year that will offer face-to-face and virtual learning options. This feedback, along with academic achievement data, will assist Legacy Prep to identify and determine the most important educational needs for the current school year so that a high quality educational experience can be offered to all students during this pandemic time of learning. We determined our needs are for an Instructional Coach and Learning Specialist.

**How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?**

Legacy Prep intends to assess and address student learning gaps by providing targeted diagnostics. We have and will continue to assess individual instructional gaps. The data has informed our ability to provide targeted remediation to scholars who need it. Our extended school day of over 7.5 instructional hours allows for robust targeted interventions. We have purchased research-based Tier I-Tier III math and reading curriculum to supplement and extend learning. Our scholars continue to receive on grade level academic standards to ensure the gap does not widen while also receiving targeted support.

8. that the local educational agency has adopted effective procedures for acquiring and disseminating to teachers and administrators participating in each program significant information from educational research, demonstrations, and similar projects, and for adopting, where appropriate, promising educational practices developed through such projects; and

(c) A general application submitted under this section shall remain in effect for the duration of the program it covers. The State agencies or boards administering the programs covered by the application shall not require the submission or amendment of such application unless required by changes in Federal or State law or by other significant change in the circumstances affecting an assurance in such application.

(2) promoting the ability of such students, teachers, and beneficiaries to meet high standards.

(d) Nothing in this section shall be construed to alter in any way the rights or responsibilities established under the laws cited in section 400(d) of this Act.

What steps does the LEA propose to take to permit students, teachers, and other program beneficiaries to overcome barriers (including barriers based on gender, race, color, national origin, disability, and age) that impede equal access to, or participation in, the program?

Each year Legacy Prep has an open-enrollment window in which the school will accept applications for the coming school year. By default, the open enrollment policy ensures there are no barriers that impede equal access to or participation in our programming. If the number of applications received exceeds the number of available seats at any grade level, a lottery will be used to determine the placement of students at that grade level. All applicants are randomly assigned a number which is then drawn randomly during the lottery. Should there be more lottery applications than available seats, students are randomly assigned waitlist numbers. Legacy Prep does not carry its waitlist from year to year. Waitlist numbers are cleared and students are bumped up one grade level for the lottery the following year. Should any barriers arise for any stakeholders, they will be addressed immediately.

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR Part 180, as adopted and amended as regulations of the Department in 2 CFR Part 3485; and 18 U.S.C. § 1001, as appropriate.
