Holistic Scoring of Conventions

- **Variety:** Scoring considers the range of errors, including errors in sentence formation, punctuation, capitalization, grammar, usage, and spelling.
- **Severity:** Basic errors are more heavily weighted than higher-level errors.
- **Density:** Scoring considers the proportion of errors to the amount of writing done well. This includes the ratio of errors to the length of the piece.

Nonscorable

A response is nonscorable if it meets any of the following criteria.

- Unintelligible
- In a language other than English
- Off-topic
- Copied text
