PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

A team of school system employees from various areas will meet to determine the curriculum, health, and technology needs of Colbert County Schools. Guidance from ALSDE, Health Organizations, each of our local schools, and various other sources, will be used by the Coronavirus Team. With the available information, the Coronavirus Team will determine the use of the funds to best meet the needs of Colbert County Schools. Purchases will then be made for needed health related supplies (PPE, masks, sanitizers, gloves, etc.), technology (both hardware and software), and curriculum needs (software/licensing including digital books and curriculum programs).

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Students will be assessed by using TeachTown, iXL and Edmentum. We will assess social and life skills, as well as academic levels to identify gaps that need to be addressed. A plan of action will be put in place to address identified gaps for students failing to meet proficiency standards. Ongoing progress will be monitored to determine if the plan of action is successful or needs to be adjusted.

What is the LEA's proposed timeline for providing services and assistance to students and staff?

The proposed timeline is immediate. The Board of Education has already purchased/paid for PPE to prepare for the return of staff and students in August. Development of remote learning courses occurred over the summer to be ready for the start of the school year. Professional Development and training was provided for teachers/staff to prepare for the change in the school environment.

How will the LEA use ESSER funds to promote remote learning?

ESSER funds will be used to promote remote learning through the development of virtual courses, the purchase of software and making hotspots available to enable better access to wi-fi for students.

- The LEA will ensure that it will have title to materials, equipment, and property purchased with ESSER funds.
- The LEA will ensure that services to a non-public school with ESSER funds will be provided by the LEA directly, or through contract with, another public or private entity.

Provide a brief explanation of the following: How will equitable service funds be used by the private schools? How will timely and meaningful consultation occur with private schools? What is the proposed timeline for services and assistance to be implemented by private schools?

Equitable services were extended to the private schools within the Colbert County Board of Education school district. The private schools declined to receive the services offered.
