PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Our LEA determine the most educational needs as a result of COVID-19 by the perception of our students, teachers, and parents. We have reflected and discussed the things that worked and the things that need to be addressed and how we can provide the instruction to our students. We have surveyed parents to determine how many students would return to a traditional class setting. We have also established a remote learning task committee to review and plan our next steps.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

Demopolis City Schools will use student data and administer iReady assessments to our students in an effort to identify student learning gaps. We will offer a summer reading intervention camp in July to our first and second grades, and we will offer three days in August for district-wide intervention opportunities and review for all of our students. We will monitor all data meetings so that any gaps are identified and immediate intervention is offered.
