PROGRAMMATIC, FISCAL, AND REPORTING ASSURANCES

The United States Department of Education (USED) has approved the application from the State of Alabama for ESSER funds under the CARES Act. The availability of funds is from 4/29/2020 to 4/29/2021. LEAs will be allowed to expend funds until 9/30/2022. Pre-award costs to the ESSER fund will be allowed for allowable cost incurred on or after March 13, 2020.

2. Allowable Service(s) Assurance

The LEA Superintendent or his/her authorized representative assures or certifies that:

The LEA will use ESSER funds for activities allowable under section 18003(d) of Division B of the CARES Act. The United States Department of Education **does not** consider the following to be an allowable use of ESSER funds, under any part of 18003: 1) subsidizing or offsetting executive salaries and benefits of individuals who are not employees of the SEA or LEAs or 2) expenditures related to state or local teacher or faculty unions or associations.

How will the LEA determine the most important educational needs as a result of COVID-19?

Fairfield City Schools conducted an inventory analysis to determine the amount of technology we have district-wide for students' 1:1 use. In addition, a survey was conducted, whereas administrators, faculty, and staff were asked questions concerning the initial closing due to COVID-19. The survey results determined that in addition to technology devices, educators needed extensive professional development on virtual learning and the learning management system that will be utilized for teaching and learning. Additionally, we found there will be a need for personal protective equipment & supplies, as well as contractual staff to assist with the district's extensive cleaning efforts.

How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services?

As a district, schools will utilize Renaissance 360 to assess students at the beginning of the school year to determine where they are academically. This benchmark assessment will allow teachers to know how to best address the learning gaps of students and what resources or learning strategies will best fit students' individual needs.
