## CARES I Amendment February 2022

There have been no changes to the services provided through the CARES funding, Florence City Schools is amending budget line items to support the needed increase or decrease in funding needs to support a particular service.

In order to combat learning loss incurred by the COVID shut down, Florence City Schools employed additional teachers and increased instructional hours for virtual and in-person learning to combat the effects on learning caused by COVID 19. The increase in teacher support both virtually and for in-person learning required an increase in the budget line value for salaries and benefits. The staff increase provided intervention to support small group instruction for improved instructional delivery and student academic achievement toward state standards, while not interrupting scheduled general classroom instruction.

Due to the lingering effects of COVID Florence City would also need an increase in the PPE budget line to support needed masks, isolation barriers, gloves, gowns, and other items to support personal protection to combat the effects of COVID 19.

Areas not fully expended were the areas dealing with supplies, technology to include computer hardware and software, instructional supplies, Health Services, and Janitorial supplies. These lines will be amended to show the expended values.
