The LEA will then meet with all central office and school administrators to determine the most important educational needs for our district. Priority will be given to the health, safety and instructional needs of students and staff.

2. How does the LEA intend to assess and address student learning gaps resulting from the disruption in educational services? All Kindergarten students will be assessed using the Educational Software for Building Instruction (ESBI). Students in grades 1-4 will be assessed using the Imagine Learning Assessment system. Learning gaps will be addressed based on the data collected from all assessments. Teachers have engaged in vertical discussions to determine standards that were not mastered prior to the COVID-19 break and have been included in the pacing guides for the upcoming school year. Data collected from the beginning of the year assessments will further determine how learning gaps will be addressed. The LEA is also in the preliminary process of implementing virtual tutoring classes for students as well as live classroom instruction for at-home students during the school year.

3. What is the LEA’s proposed timeline for providing services and assistance to students and staff? From a Student Services perspective, services have and will continue to be provided as needed. Teachers are currently working individually through professional learning opportunities recommended by school or central office personnel. Teachers are enrolled in LEFTI, NUMBRS, AMSTI, Math COS and Computer Science training. K-12 teachers are participating in Google Classroom PD.
