MEMORANDUM

TO: City and County Superintendents of Education
FROM: Eric G. Mackey *EGM*
State Superintendent of Education
SUBJECT: Teacher Shortage Areas

In an effort to comply with the United States Department of Education reporting guidelines to identify the teacher shortages in Alabama, to report shortage areas to stakeholders, and to identify where our efforts need to be focused, we must identify the areas that are most difficult to fill. To accomplish these tasks, the Alabama State Department of Education will be collecting data to obtain an accurate statewide count of the teacher shortages on a regular basis.

In the survey link below, please respond appropriately regarding the position(s) that you have been unable to fill for the 2022-2023 school year by identifying the subject areas and grade levels.

Thank you for all that you do for the students of Alabama schools.
