

The background of the slide is the official seal of the State Department of Education. It features a central sun with rays, a blue sky with white clouds, and an open book at the bottom. The seal is encircled by a yellow border containing the text "STATE DEPARTMENT OF EDUCATION" and the year "1854".

# Tool for Assessing Program Effectiveness (TAPE):

## Overview

Career and Technical Education Quality Review Process

# TAPE: ONE section of the EQIP process

EQIP:

Evaluation of Quality Instruction of Programs

TAPE:  
Tool for  
Assessing  
Program  
Effectiveness

Continued Compliance (Form 14-1)  
CTE Director

Compliance Monitoring  
(System Level)

LPA: Local Program App

CLNA: Comprehensive Local  
Needs Assessment

eGAP: Electronic Grant  
Application Process

# We are still working as a team to improve programs and promote:

- Student Success
- Student Safety
- Students prepared for their individualized next step: Work and/or School

# TAPE Resources 2023-24

- ▶ Updated TAPE Tool with increased clarity
- ▶ Professional development (ACTA/MEGA/ALACTE/LEA)
- ▶ Resources/Samples folder for TAPE evidence
  - ▶ Schoology CTE TAPE Review Resources Group (teachers)
- ▶ Standing office hours for questions (Aug – May)
  - ▶ Mondays, 1 – 1:30 pm CST
- ▶ Short descriptive videos of each QPI
- ▶ TAPE Binder organizer and divider tabs (optional)

ALL updates for the upcoming year will be highlighted in yellow.

EPIC level

EPIC Level Quality Performance Indicators Evaluated separately and ONLY at the request of the LEA		
<input type="checkbox"/> ALL students affiliate and participate in the CTSO as evidenced by: <ul style="list-style-type: none"> <li><input type="checkbox"/> CTSO membership roster from the national/international organization MATCHING the program enrollment rosters from PowerSchool.</li> <li><input checked="" type="checkbox"/> <b>There is evidence of an evaluation of the program of work.</b></li> <li><input type="checkbox"/> Students participate in regional, state, and/or national competitive events and earn at least two awards annually.               <ul style="list-style-type: none"> <li><input type="checkbox"/> Registration invoice</li> </ul> </li> </ul> <p><b>AND</b></p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Dated pictures of students with awards, <b>OR</b> dated screenshots from the state/national website listing the awardees, <b>OR</b> dated newspaper articles, social media posts, newsletters indicating the awards, etc.</li> </ul>		
<input type="checkbox"/> Students participate in state and/or national leadership opportunities.		

# QPIs 1.1 CTSOs

Only ONE update  
in this section!

# QPIs 1.1 CTSOs

1.1.G  
CTSO  
Integration as  
an Integral Part  
of the  
Curriculum

□ Evidence demonstrating the integration of the CTSO related to the curriculum content standards.

Examples include:

- Lesson plan(s) with integrated CTSO activities related to course content standards
  - Not the introduction of the CTSO
- Using CTSO competitive events in instruction, evidenced by: Dated picture evidence, course and content standard being taught (with a brief description), AND a copy of the CTSO competitive event rubric used in the integrated classroom activities

Examples include:

- Job interview skills
  - Career exploration
  - Debate format to express ideas
  - Public Service Announcements
  - Skilled events related to the content standard
- Use of CTSO activities in instruction, evidenced by: Dated picture evidence, course and content standard being taught, AND a description of the integrated CTSO activity.

Examples include:

- Teaching professional leadership skills through officer training
- Teaching professional leadership skills through meetings or mock meetings (training on agendas/parliamentary procedure/minutes/committees)
- Teaching professional dress through a CTSO dress code day
- Using CTSO Governance documents to teach about career related administrative documents (Policies and procedures, by-laws, program of work, etc.)

# QPIs 2.1

## Quality Instruction

Most updates are in this section.

# 2.1. CTE Syllabus

Quality Program Indicator (QPI)	Indicator/Verification of Compliance
2.1.A CTE Syllabus  <b>*Subject to random audits</b>	<p><b><u>*To be evaluated by the CTE Director through direct observation.</u></b> <b><u>An indication of 2 in the Cognia Diagnostic serves as the CTE Director's assurance all QPI requirements are met.</u></b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Course syllabi (for each course listed on the daily schedule) which include the following<ul style="list-style-type: none"><li><input type="radio"/> Course title, description, and pre-requisites</li><li><input type="radio"/> Program/instructional delivery plan</li><li><input type="radio"/> Course goals, assessment procedures</li><li><input type="radio"/> Grading scale</li><li><input type="radio"/> CTSO integration</li><li><input type="radio"/> Embedded numeracy <u>anchor assignment</u> (reference QPI 2.1.B)</li><li><input type="radio"/> Embedded literacy <u>anchor assignment</u> (reference QPI 2.1.C)</li><li><input type="radio"/> <b>Embedded science <u>anchor assignment</u> (reference QPI 2.1.D)</b></li><li><input type="radio"/> Available industry recognized credential offered (indicate "N/A" if not applicable)</li></ul></li></ul>

# Sample Anchor Assignment:

## Section of a welding syllabus below:

### Anchor assignment (numeracy AND literacy):

- Build a hunting stand: research various types of stands and provide a written and statistical analysis to determine the best design. Follow the design instructions, to build the hunting stand. Provide evidence of the math used to determine the materials needed, with associated cost. Label the stand blueprint with the math vocabulary for the formulas used to determine angles, etc.

## Adding SCIENCE to the same assignment:

- Have the student explain the science behind the particular welding process they will use in the construction of the stand.
  - Example: MIG (Metal Inert Gas) welding uses an energized wire feed to create the molten metal that fuses the pieces together. An inert gas does not chemically react with other substances, which in turn creates a shield to keep impurities out of the weld. CO<sub>2</sub> (Carbon Dioxide) is commonly used in this process.
- Shows the SCIENCE and the SCIENCE VOCABULARY

# POI “Exemplar high quality unit tasks”:

This example was pulled from the “Fundamentals of Legal Services” POI

<b>Exemplar High Quality Unit Task</b>	<ul style="list-style-type: none"><li>• Workplace simulation: lease or sale negotiations</li><li>• Draft a lease agreement for business property (document must meet all requirements for a valid lease under Alabama law)</li><li>• Draft a lease agreement for residential property (document must meet all requirements for a valid lease under Alabama law)</li><li>• Draft a real estate contract for cash purchase of real property (document must meet all requirements for a valid real estate contract under Alabama law)</li></ul>
--	--

Possible Anchor Assignment: **Create a portfolio of work for real estate law**

- Research and find at least 3 examples of each type of agreement/contract (reading)
- Evaluate pros and cons of each – provide synopsis of evaluation (writing)
- Draft an example of each type agreement/contract, include cost breakdowns (writing, math, math vocab)
- Determine reasonable client fees for services and defend (math, math vocabulary)
- Describe the client liability, with rationale, for one of the following using both legal and scientific terms: rats, black mold, asbestos, lead paint (science)

# 2.1

<p>2.1.B Embedded Numeracy</p> <p><b>*Subject to random audits</b></p>	<p><b><u>*To be evaluated by the CTE Director through direct observation.</u></b> <b><u>An indication of 2 in the Cognia Diagnostic serves as the CTE Director's assurance all QPI requirements are met.</u></b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Lesson Plan(s) demonstrating the integration of mathematics and math vocabulary related to the lesson plan's content standard.<ul style="list-style-type: none"><li>○ Integration of mathematics appropriate to program area</li><li>○ Industry appropriate mathematical vocabulary</li></ul></li></ul>
<p>2.1.C Embedded Literacy</p> <p><b>*Subject to random audits</b></p>	<p><b><u>*To be evaluated by the CTE Director through direct observation.</u></b> <b><u>An indication of 2 in the Cognia Diagnostic serves as the CTE Director's assurance all QPI requirements are met.</u></b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Lesson Plan(s) demonstrating the integration of technical reading and writing related to the lesson plan's content standard.<ul style="list-style-type: none"><li>○ Integration of technical reading appropriate to program area</li><li>○ Integration of writing skills appropriate to the program area</li></ul></li></ul>
<p>2.1.D Embedded Science</p> <p><b>*Subject to random audits</b></p>	<p><b><u>*To be evaluated by the CTE Director through direct observation.</u></b> <b><u>An indication of 2 in the Cognia Diagnostic serves as the CTE Director's assurance all QPI requirements are met.</u></b></p> <ul style="list-style-type: none"><li><input type="checkbox"/> Lesson Plan(s) demonstrating the integration of science related to the lesson plan's content standard.<ul style="list-style-type: none"><li>○ Integration of science concepts appropriate to program area</li><li>○ Industry appropriate science vocabulary</li></ul></li></ul>

## State Determined Levels of Performance (SDLP)

CTE Core Indicators	Actual Level of Performance	State Target	90% of State Target	Target Met (Y/N)
<b>2S1: Academic Proficiency in Reading/Language Arts</b> <ul style="list-style-type: none"> <li>• Numerator: Concentrators who passed reading</li> <li>• Denominator: Concentrators who tested in reading</li> </ul>	41.75	46%	41.4%	Y
<b>2S2: Academic Proficiency in Mathematics</b> <ul style="list-style-type: none"> <li>• Numerator: Concentrators who passed math</li> <li>• Denominator: Concentrators who tested in math</li> </ul>	41.10	32%	28.8%	Y
<b>2S3: Academic Proficiency in Science</b> <ul style="list-style-type: none"> <li>• Numerator: Concentrators who passed science</li> <li>• Denominator: Concentrators who tested in science</li> </ul>	26.66	51%	45.9%	N

# Program Pathway Implementation

## 3.1.C Advisory Committee Development and Meetings

- ❑ An advisory committee is established representing a minimum of five broadly based business and industry stakeholders from the program area and specifically related to program under review
  - Roster containing: each person's name, business address, job title, and contact information
- ❑ The committee meets at least twice a year and meetings have an established agenda, attendance is taken, and 51% or more of members were present for each meeting and minutes are recorded
  - Evidence required for each meeting:
    - Agenda
    - Sign in sheet demonstrating 51% or greater attendance
    - Minutes
- ❑ Members annually review local workforce data and use it to make credentialing and course sequencing suggestions
  - At least one set of minutes annually, contains evidence of discussion, and **committee recommendations**, for the following:
    - Program credentialing
    - Program course sequencing
- ❑ OR, ASE accredited program evidence in 2.1F, do not duplicate

❑ OR, ASE accredited program evidence in 2.1F, do not duplicate

# 4.1 Professional Development/ Technical updates

 OR, ASE accredited program evidence in 2.1F, do not duplicate

Quality Program Indicator (QPI)	Indicator/Verification of Compliance
5.1.A Program Area Work-Based Learning <b>(All programs except Cooperative Education)</b>	<ul style="list-style-type: none"><li><input type="checkbox"/> There is evidence that the <b>CTE program</b> addresses essential/foundational skills that employers desire of employees<ul style="list-style-type: none"><li><input type="checkbox"/> Lesson plan demonstrating integrated essential/foundational skills</li></ul></li> <li><input type="checkbox"/> <b>Evidence of at least one</b> field trip (off-site, on-site, or virtual to Career Expos, Career Fairs, Blood Drives, Fire College Burn Trailers, and/or Industry tours)<ul style="list-style-type: none"><li><input type="checkbox"/> Fieldtrip permission form with date and description of trip (off-site)</li><li><input type="checkbox"/> Dated picture evidence with description (on-site or virtual)</li></ul></li> <li><input type="checkbox"/> At least one formal job-shadowing opportunity<ul style="list-style-type: none"><li><input type="checkbox"/> Job shadowing permission form with date and evidence of a shadowing experience related to the program area</li></ul></li> <li><input type="checkbox"/> Each program partners with local businesses to provide work-based learning opportunities for CTE students to gain firsthand experience in the broad career area, <b>examples include:</b><ul style="list-style-type: none"><li><input type="checkbox"/> Guest speakers</li><li><input type="checkbox"/> Work-based learning sites (Internships/externships)</li><li><input type="checkbox"/> Competitive event training</li><li><input type="checkbox"/> Employability skills training</li><li><input type="checkbox"/> Others as applicable, to exclude fieldtrips and job shadowing</li></ul></li> <li><input type="checkbox"/> <b>OR, ASE accredited program evidence in 2.1F, do not duplicate</b></li></ul>

# QPIs 5.2

## Cooperative Education

# Questions?

dstringer@alsde.edu

A collage of mathematical formulas and a man's face. The formulas include:

- $x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}$
- Euler's Identity*
- $e^{i\pi} + 1 = 0$
- $\int_a^b f(x) dx$
- $X_k = \frac{1}{N} \sum_{n=0}^{N-1} x_n e^{i2\pi k \frac{n}{N}}$
- $\sqrt{PA^2 + (CI \times N_e)^\Delta}$
- $\delta_{ij}$
- $P(H_h|E_e) = \frac{P(E_e|H_h) P(H_h)}{P(E_e)}$
- $y = \sum_{i=0}^{10} x_i$

A man's face is visible in the bottom center of the collage.
