Education and Training Cluster Program Guide

Education and Training focuses on preparing the next generation of educators to serve children and youth from birth through twelfth grade. Courses are designed to acquaint students with the wide variety of careers in the education field and to give them a head start on preparation for classroom teaching. After completing Foundations in Education, students may choose courses leading through one of two programs: Educators in Training and Early Childhood Education.

Career Pathway Program	Early Childhood Education Program **(Must teach three courses from this program list within two years)** The Early Childhood Education program focuses on careers in infant, toddler, and preschool programs, with emphasis on child development, health and safety, learning environment, classroom practices, observation and assessment, professionalism, and program management. Internship experiences are an important component of the Early Childhood Education Program.
