Background clearance based on a fingerprint review.

If a valid certificate is not held, a **NEW** Alabama State Bureau of Investigation (ASBI) and Federal Bureau of Investigation (FBI) criminal history background check through the ALSDE must be conducted. The results must be on file in the Educator Certification Section within 30 days prior to the date this application is received in the Educator Certification Section.

NOTE: If another valid Alabama certificate, license, or permit is held on the date the application is received in the Educator Certification Section, a NEW background check is NOT required.

- For applicants seeking **initial certification, additional certification, or certificate renewal** to teach in Alabama, your criminal history background checks must have been completed by both the Alabama State Bureau of Investigation (ASBI) and the Federal Bureau of Investigation (FBI). You can check the status of your background checks and confirm whether you meet the state's suitability requirements for teaching at [Certification Search](#).
- For Applicants who **have not** been cleared by both agencies through the Educator Certification Section of the Alabama State Department of Education (ALSDE), you will need to undergo fingerprinting for a criminal history background check. Details on how to complete the background review process can be found at [Alabama Achieves - Teacher Certification](#). If you have any questions about our criminal history background check process, you can contact us at (334) 694-4557 or bgr@alsde.edu.
- Applicants may verify receipt of their criminal history results at the ALSDE by visiting [Certification Search](#). If your results are not located, or you have questions about your status, please allow 10 business days from the date of fingerprint submission before making an inquiry.
