Hospitality and Tourism Cluster Program Guide

This cluster prepares learners for careers in the hospitality industry. Students develop skills in organization, teamwork, problem solving, creativity, time management, customer service, and communication. Applications of technology, math, and science are also important components of the courses. Rigorous and engaging instruction fosters the essential skills needed for future employment and equips learners with knowledge and skills they will need for college and careers. This diversified and intensive education program enables students to pursue careers in one of four pathways: 1) Food, and Beverage Services 2) Lodging 3) Travel, and Tourism and 4) Sports, Recreation, and Attractions.

****Courses highlighted in yellow are shared with other clusters. See "Shared Courses" table on page 3 for additional details.**

Career Pathway Program	Food and Beverage Services Program (Must teach three courses from this program list within two years) This program begins with the fundamentals and principles of the art of cooking, management and production skills, and techniques in the back of the house as well as service activities in the front of the house.
