State Superintendent of Education

**RE:** Alabama Arts Education Initiative (AAEI) Grants

Research clearly proves that providing students with sequential arts programs improves student achievement. The Alabama State Department of Education (ALSDE) is committed to the development of comprehensive, interdisciplinary arts education programs for students to support a well-rounded education.

The ALSDE is accepting grant proposals for schools to provide new opportunities or expand their arts programs. Grants will provide an opportunity to strengthen the development and implementation of comprehensive arts education programs. Grants may provide additional support to schools with existing plans designed to provide quality arts instruction or support multi-sensory arts experiences through cross-curricula instruction. Schools must have support of staff, including teachers, administrators, specialists, and assistants and be willing to participate in arts education professional development designed as part of the grant. Programs must show a concerted effort to identify data-driven decisions in meeting the needs through the grant. Selected schools may receive up to \$25,000. Consideration will be given to programs that leverage other resources and have a plan for sustainability.

Technical guidance for the AAEI grants will be offered for teachers and administrators virtually on September 8, 2022, at 3 p.m. Interested grant applicants may register here for the AAEI Grant Technical Assistance virtual training.

Follow instructions on the [Alabama State Department of Education Arts Education Grant Online Portal](#) to create an account and apply. To preview the grant process and application questions, you may access the [AAEI Grant Process and Questions](#) document.
