## Health Science Cluster Program Guide

The Health Science cluster provides students with essential knowledge and skills for pursuing careers in the following five pathways: Therapeutic Services, Diagnostic Services, Health Informatics, Support Services, and Biotechnology Research and Development. Rigorous and challenging content may include a variety of instructional strategies, work-based learning experiences, and simulation.

**\*\*Courses highlighted in yellow are shared with other clusters. See “Shared Courses” table on page 3 for additional details.**

Career Pathway Program	<b>Health Science Program</b> <b>(Must teach three courses from this program list within two years)</b> The Health Science Program prepares students for employment in careers that involve planning, managing, and providing healthcare services through professions in the following categories: therapeutic services, diagnostic services, health informatics, support services, and biotechnology research and development.

14299G1002	Human Body Systems – Science credit eligible		
14299G1003	Medical Interventions		
14251G1001	PLTW Capstone – Biomedical Science		
14252G1002	Principles of Biomedical Sciences		
<p><b>*NOTE:</b> This is a purchased curriculum. LEAs must contact <a href="#">PLTW</a> for additional information prior to utilizing the course codes listed above with a PLTW suffix, as it does require submission of a signed copy of the Terms and Conditions, participation in mandatory training and payment of a participation fee to the provider.</p>			

Career Pathway Program	Health Science Middle School Program		
	Middle grades course content includes practices that promote health and wellness, disease prevention, legal and medical ethics, communication, medical math, medical terminology, and technical skills related to healthcare. These courses are designed to give students a variety of opportunities to apply their learning and demonstrate relevant interpersonal and workforce skills.		
Course Number	Career Pathway Program Courses	Career Readiness Indicator (CRI)	In Demand Occupations
22151G0608	Career Explorations	N/A	*See List Above
14001G0638	Health Science Discovery		
14001G0618	Healthcare Career Exploration		
14001G0728	Medical Laboratory Science		

Career Pathway Program	Project Lead the Way Middle School Program		
	Students play the role of real-life medical detectives as they collect and analyze medical data to diagnose disease. They solve medical mysteries through hands-on projects and labs, measure and interpret vital signs, examine nervous system structure and function, and investigate disease outbreaks.		
Course Number	Career Pathway Program Courses	Career Readiness Indicator (CRI)	In Demand Occupations

To meet the CCR Indicator as a CTE completer, a student must earn three (3.0) credits with the grade of a “C” or higher in CTE courses that are part of an approved CTE program of study. Additional requirements are outlined in [Memorandum FY22-2065](#).

This matrix is intended for general guidance on the CCR completer status and is subject to change. For all CTE programming information, please refer to the CTE Cluster specific Program Guide. It contains a list of approved CTE programs, valid course numbers, required prerequisite courses, approved Career Readiness Indicators (CRIs) and in demand occupations.

**\*Courses are listed in alphabetical order, not in sequential order.**
