

PST Student Plan

Are you creating an MTSS Student Plan in PowerSchool Analytics & Insights? It's as simple as 1, 2, 3! Everything you need to prepare to input can be found right here on this page.

1

Hearing and Vision

- **Has a hearing a vision screening been conducted?**
- **Has parent/guardian permission been obtained to conduct hearing and vision screening?**
- **Passed for each?**
- **Date for each?**

Could vision and/or hearing challenges be contributing to a deficit?

2

Action Plan

- **Areas of strength**
- **Areas of weakness**
- **Specific area of concern**
- **Potential root cause**
- **Intervention(s)? Identify the person responsible and the frequency of administration**
- **What is the expectation for student outcome upon plan completion?**
 - **Student will be able to:**
- **Additional notes and/or concerns**
- **Student work samples demonstrative of the deficiency (x3)**

This section has a set of pull down menus to assist you in setting the outcome SMART goal!

The fields within this section are repeated several times so that multiple areas of concern may be addressed within the **same** plan.

3

Plan Updates

- **Provide subsequent meeting and progress updates here for as long as the PST Student Plan is active**

Demographics and Assessments are automatically populated for you from PowerSchool data within the Student Information System
